BOCK SANCTIONS WATER PLANT HERE

REPRESENTATIVE OF ST. ... FIRE UNDERWRITERS M... REPORT.

CONGRATULATES CITY

Expresses Appreciation for Interest of City in Underwriter's Opinion—Slight Bearing on Rates.

F. L. Bock of St. Louis, a representative of the State Fire Underwriters Bureau, who is here making an investigation of the proposed improvements ... system planned by E. E. ... City made a short repo... the regular meeting of the ... Last night.

"The City of Maryville is to be congratulated on the plan which has been chosen for the improvement of the water system here," he said, "and the plans submitted by Mr. Harper are highly efficient and logical for a city of this size."

Mr. Bock spoke entirely from the standpoint of the fire protection of such a system.

In reply to questions as to whether a more expensive system would cause a material decrease in the water rates he replied that in a city such as Maryville, the decrease in fire rates was more a matter of the individual construction of the buildings and the local fire hazard, than the public water system.

Mr. Bock expressed appreciation for the manner in which the Commissioners and the Commercial Club have shown their regard for the opinion of the Fire Underwriters Bureau, by the calling of a representative to investigate here before the plan is put into effect.

TO PLAN MEMORIAL EMBLEM FOR QUITMAN WAR HEROES

Meeting Called for Next Sunday Afternoon—Every Family Asked to Be Present at Discussion.

The citizens of Green township are requested to show their patriotism and appreciation for the men who served their country in the great war in the following notice issued by H. C. Bailey of the Farmers State Bank at Quitman, in which a meeting is called for next Sunday afternoon, June 8.

All the citizents of Green Township are hereby requested and urged to be present at a public meeting to be held at the Methodist church in Quitman on Sunday afternoon at 3 o'clock (new time) June 8. The purpose of this meeting is here briefly stated.

We as citizens of the United States of America and more especially as citizens of Green Township Nodaway County, Missouri, feel that we should in some fitting ways show our respects and appreciation to the boys who so bravely and fearlessly offered and gave their service and faced danger and hell that we might now enjoy the freedom and comfort of our homes and country that their victory has made it possible for us to do today, therefore we want to erect an emblem fitting to commemorate and perpetuate the memory of the boys from our township who paid the supreme sacrifice, as well as to those who were so fortunate as to be returned home.

At this Sunday afternoon meeting we will perfect an organization for the purpose of putting into effect the work as outlined above.

Let every family in Green Township be represented at this meeting.

Do not let the boys who have seen service call us slackers for our lack of duty in this matter, they will have the right to do it if you fail. We will expect you here at that meeting.

H. C. BAILEY.

HOSMER FAMILY TO HOLD REUNION IN CALIFORNIA

Major Harry M. Hosmer Will Stop Here for Visit With Brother R. P. Hosmer on Return Trip.

State Historical Society COLUMBIA

...ajor Harry M. Hosmer passed thru ... City Sunday on his way to ...s, Calif., to join his sons, ... Jr., and William Judd, ...heir grandmother, Mrs. ... n. Major Hosmer and little ... will go to San Diego to spend a few weeks with his mother, Mrs. Alice M. Hosmer. En route home he will stop in Maryville to visit his brother, R. P. Hosmer, and family.

Major Hosmer arrived in New York May 24, and received his honorable discharge at Camp Dix, N. J. He had been overseas for about a year, serving for a time as first aide in Base Hospital 91, located in Boizelles, France. From there he went to Sur Meuse, France, where he was chief surgeon in a base hospital. He later was ordered to Germany where he was stationed for about six weeks ... coming to the States from the ...

REPORT 1.66 ... RAINFALL AT NOON TODAY

Report Taken Through Monday and This Morning—102 River Holds Well Within Banks.

The rainfall Monday and up to noon today amounted to 1.66 inches, according to Weather Observer Brink. With the rain of Saturday and Sunday, it makes the total rainfall 3.16 inches.

Reports from the city water pumping station state that the One Hundred and Two river is about two-thirds full at this point, and that although the stream has been showing a slight rise throughout the day, no flood damage is expected.

The filling which has been placed on the east bank of the river just above the bridge is holding well and no further erosion of the bank is apparent.

It was reported at the Station that the river will have to rise 3 or 4 feet before there will be any flood danger.

GRADUATE RECITAL TONIGHT

At the Conservatory Recital Hall by Members of the Graduating Class of That Institution.

A graduate recital will be given this evening at 8 o'clock at the Conservatory Hall by Misses Mary Carpenter, Amye Ebersole and Chloe Riggle, piano, and Ruth Hankins, violin.

The following is the program to be given:

Part I.

Minuet, Paderewski; Mazurka in F Minor, Leschetizky, Chloe Riggle.

Meditation, Nemerowski; Chason Triste, Tschaikowsky; Humoresque, Arthur Bienbar, Ruth Hankins.

Part II.

Sonata, Op. 13, First Movement, Beethoven, Chloe Riggle.

At an Old Trysting Place, MacDowell To a Water Lily, MacDowell; Nocturne Op. 9, No. 2, Chopin, Amye Ebersole. Impromptu Op. 90, Schubert; Scherzo, Op. 35, No. 3, Jadassohn; March Wind, MacDowell, Mary Carpenter.

Brown Funeral Today.

Funeral services for Mrs. Robert L. Brown, who died Sunday afternoon at her home, 1102 North Walnut street, were held at 2:30 o'clock this afternoon at the South Methodist church, conducted by the pastor, Rev. R. C. Holliday. Interment was in Miriam cemetery. The pallbearers were W. W. Williams, Del Appleby, John Schwartz, Ralph Moyer, Roy Curfman and Jesse Hull.

Dr. Martin to California.

Dr. F. M. Martin left yesterday afternoon for Sayre, Okla., to visit a brother. From Sayre, he will go to Los Angeles, Cal., to spend a few weeks with his daughter, Mrs. Phil Smiley, and Mr. Smiley. He will also visit in Seattle and other points in the Northwest before returning home.

Mr. and Mrs. Ferdinand Townsend and children, Bohm and Lillian, returned Sunday night from a visit with Mrs. Townsend's parents, Mr. and Mrs. Henry Bohm in Denver, Colo.

HOLD MEMORIAL DAY EXERCISES AT PARNELL

Emmit Bishop of Ravenwood, Delivers Principal Address—Talks by Old and Young Veterans.

The Memorial Day exercises at Parnell last Friday were very well attended and many out of town people were present to do honor to the dead heroes at that place.

The first part of the program took place at the cemetery where the regular Memorial Day ritual of the G. A. R. was held followed by the decoration of eighteen soldiers' graves. The distribution of the flowers was in charge of thirty-four flower girls.

The second part of the program was given at the town park. Robert Payne, a soldier of the world war, delivered a tribute to the veterans of '61-'65 and a response was given by Roy Curry, for the older men.

Hon. Emmit Bishop of Ravenwood, the speaker of the day, gave an excellent talk in praise of the men who have fallen in battle in past wars.

Special musical numbers added to the afternoon's entertainment.

OPEN NEW EMPLOYMENT BUREAU NOW AT FUNSTON

Assist Members of 89th in Getting Employment—Aim to Place Every Man.

Jefferson City, June 3.—The Missouri Soldiers and Sailors and Employment Bureau, consisting of Adjutant-General Clark and State Labor Commissioner Lewis, has opened a bureau at Camp Funston to assist members of the 89th Division now arriving there in securing employment. Captain Baird is in charge and is being assisted by two discharged soldiers. The plan is to put the men directly in touch with the agencies maintained by the commission at various points in the state so that no time will be lost in placing every man in a job immediately after his discharge.

The commission had its first occasion to apply the publicity provision of the law last week. A business concern in a certain inland town in Missouri informed one of its clerks on his return home after his discharge that his place had been filled. The young soldied wrote Adjutant General Clark, and his employer received a special delivery letter by return mail asking what reason he had to offer why the facts should not be published. The reply was a telegram stating the young man would be given his old job immediately. General Clark says that as a rule employers are giving the men places and that the people of the state are patriotically co-operating with the commission in its work in every possible way.

A marriage license has been issued in St. Joseph to Archie B. Bradley of Hopkins, and Miss Zetta Hess of St. Joseph.

NORWAY AND SWEDEN DESCRIBED BY SAILOR

Charles Hess, Formerly of Skidmore, Tells of Experiences—Nephew of John W. Smith.

John W. Smith of this city, has received a letter written by his nephew Charles Hess to his mother at St. Louis Valley, Colorado. Young Hess formerly resided near Skidmore. He is in the navy and gives some interesting data concerning his experiences on the Scandinavian peninsula. The letter follows:

Iverness, Scotland, March 2, 1919.

Dear Mother: We arrived at the station yesterday from Norway, after a terrible trip across the North Sea. We started Saturday morning and reached Aberdeen Tuesday night. We were in Christina, Norway, through two weeks of good weather and were ordered out just at the beginning of a heavy storm. Once more the little boats posed for their high dive pictures but the wind blew so hard and between rain, snow and icy water there were no lights to take photos of her high leaps; although there were many leaps like the one in the photo I sent you in one of my other letters.

The sea beat over us and water stood on the deck from an inch deep to one's knees. All hatches and ventilators had to be battoned down. Even then the big, mountain like waves would lift us high and let us suddenly drop, than roll us over to one side. Once we went so far over that water came into the pilot house windows and ran down our high ventilators like a Niagara and kept us busy in keeping our engines in motion. Had they stopped for one minute we would have swamped before they could have been started again. Everyone knew that and every man kept busy shuffling throttles for three or four hours of watch and then when relieved we turned into our bunks to keep warm and as dry as possible until time to go on watch again in eight hours. Funny how little such a thing bothers a fellow. We slept like logs almost all the time off watch and no one was seasick at all. We arrived very wet but ready for a big meal as soon as she could lay still long enough for the cook to prepare something in the line of a chow. We were accompanied by a sea tug, "Goliah," which suffered the only loss on our trip. One man, a chief boatswain mate, was thrown overboard by the sea and it was simply impossible to rescue him so somebody has a bit of sad news somewhere back home.

Well, we are here all O. K. so far. The Naval Base at Plymouth has been broken up and we are now at Base 18 Iveness. We are told that our job is to sweep for mines in the sea where a terrific barrage was laid by our ships to stop subs coming through; now it is up to us to gather them in, pull their fangs and tame the brutes down so anyone can handle them without getting separated from their ideas.

Well, we are having a good time, anyway; its rather fascinating work flirting with explosive mines, depth bombs and the many queer things we find. Now, as most of our division has gone back to France to get started back to the U. S. we seem to be elected to stay eight or ten months unless we get put over on some other duties as there are about 70,000 mines to plow up and bag for market before the harvest day is over, and we'l be bound for home.

I would like to be put on one of the big German submarine to bring home and will try for the place, but likely I am too late as a bunch of men were picked before we reached here.

Well, we all like Bonnie Scotland and the people are sure fine. There is a big Y. M. C. A. here and is sure a fin place. I thought you deserved a letter.

I took a beautiful set of Norway kodak pictures and when I get some finished, will send a bunch through. Well mother, dear, I will have to cut this letter short as my pen is complaining of working overtime.

Lots and lots of love to mother, sister and all.

As ever,

CHARLES.

Address Base 18 Abberdeen, Scotland.

"NORTHER" HITS TEXAS.

Amarillo, Teas, June 3.—Four inches of snow fell at Dalhart last night, and the entire Texas Panhandle is today in the grip of a "norther." It is not believed that the crops will be damaged as the snow fell soon after falling.

Miss Ethey Ray returned yesterday from a few days' visit in Hiawatha, Kansas.

A SECOND NATION WIDE BOMB PLOT

EVERY GOVERNMENT AGENCY ON LOOK-OUT FOR PERPETRATORS

BOMB AT ATTY. GEN. HOME

Many Killed an Injured in Series of Bomb Explosions Throughout the United States.

Washington, June 3.—Every government agency today is at work in an attempt to run down the perpetuators of the second nation wide bomb plot within five weeks. Within a day the conspiracy was frustrated though the watchfulness of the clerks of the New York postoffice, the second of which resulted last night in what almost proved to be a successful attempt upon the life of Attorney General Palmer, and in dynamiting ten houses and churches in widely scattered sections of the country. The government machinery was started in motion to run down the radicals who were suspected of the plot. The terrorist who planted the bomb at Palmer's home was himself blown to pieces. It was first believed that the victim might be someone not connected with the plot, but detectives were soon convinced that he was by the finding of fragments of a circular, which when pieced together read in plain words a challenge to the powers that be..

The circular read "Long live social revolution, down with the tyrants and anarchists and fighters."

Two women are also believed to have been killed at the Palmer explosion. Other explosions were:

New York, Charles Copp Nott, justice of the Court of General Sessions, man and woman killed.

Boston, Justice Albert Hayden, of the Roxbury Municipal Court, none injured.

Pittsburg, Federal District Judge Thompson, none hurt.

Philadelphia, Rectory, Our Lady of Victory, Parish and residence of Louis Kajisky, several injured.

Cleveland, Mayor Davis home, none hurt.

Newtonville, Mass., Representative Powers, none injured.

Patterson, N. J., Max Gild, silk manufacturer, none injured.

In all cases except Paterson and Philadelphia the bomb attempts were directed against the lives of public officials. In Paterson the home of a silk manufacturer was wrecked, while in Philadelphia, where two explosions occured, attempts were made to blow up a Catholic church and a private residence.

The explosions in the other cities were folowed at midnight by one in New York City, where a bomb exploded in the house of Charles C. Nott, jr., and one in Newtonville, Mass., where the house of State Representative Leland W. Powers was wrecked. First reports stated that no one was injured in the Newtonville explosion.

The similarity of the reports received from the various cities recalled to the authorities the May Day bomb plot of a month ago.

The bomb planted under the steps of the home of the Attorney General at 2312 R street, in the fashionable northwest section of Washington, wrecked the dwelling, smashed in the windows of adjoining houses for a block, but injured no one within the Palmer residence.

EIGHTEEN TAKE SUNDAY SCHOOL TEACHERS EXAM.

Tests Held at Christian Church Under Direction of Prof. W. J. Osburn Next Exam on "The Teacher."

Eighteen took the teachers training examination Monday evening of the first book in the course of study mapped out by the Missouri State Sunday School Association. The questions were furnished by the State Association and the examination papers will be sent to the association to be graded, and the certificates will be signed by the State Association officers.

The examination was held at the First Christian Church under the direction of Prof. W. J. Osborn. In the class were nine from the Christian Church Bible School, seven from the First M. E. Church Sunday School, one from the South M. E. Sunday School and one from the Baptist Sunday School.

The first book has dealt with the subject of "The Pupil" and has covered a period of several months study. The next book taken up will be "The Teachers."

ROBBERS GOT $43,000 IN VICTORY LOAN NOTES

Thieves Tunnel Way Into Vault—Discovery Made by Bank Officials—Posses in Search.

Pittsburg, Kan., June 3.—The bank of Arma, a mining town ten miles north of her was robbed last night of forty-three thousand dollars in Liberty bonds, by robbers who tunneled into the vault. The robbery was discovered when the bank officials opened the bank this morning. Posses are seeking the robbers who left no clues.

STANLEY FORD ADDRESSES STUDENTS THIS MORNING

Spent Many Years in Government Work in Canal Zone, Panama—Visiting With Mother Here.

Stanley Ford, who has been engaged in government work in the canal zone, Panama for a number of years, spoke to the Students of the State Teachers College this morning at the regular Assembly on his experiences in the southern country.

Mr. Ford is the son of Mrs. J. S. Ford, of this city and is making a short visit with his mother here. He is the son of the late Rev. J. S. Ford for many years the pastor of the First M. E. Church.

GRANT TOWNSHIP HAS TO VOTE AGAIN FOR BONDS

Election Held on May 24 Was Not Properly Advertised—New Election Date Set for Saturday, June 21.

Grant township is to vote again on the proposition of issuing bonds for $40,000 for good roads due to the fact that the first election was not properly advertised. This election was held on May 24, and the proposition carried by seven votes. The election notices were posted and under the new law the notice has to be published in a newspaper.

A petition from Grant township for a new election was submitted to the county court today and the election date was set for Saturday, June 21, by the court.

ARREST I. W. W. LEADER.

Pittsburg, June 3.—John Johnson, said to be president of the local I. W. W. was arrested this afternoon after he had shot at a detective when the latter entered the I. W. W. headquarters. The bullet went wild.

REFUSE TO RECOGNIZE NEW HUN GOVERNMENT.

Berlin, June 3.—The Prussian cabinet decided that it could not recognize the new Rhineland republic, it was declared Sunday at Mayonce.

Pickering Boys Land.

Theron Wray of Pickering received a message from his brothers, Albert and Arthur Wray of Hopkins, 356th Infantry, 89th Division, that their unit had reached New York safely.

Mrs. W. R. McKee received word from her son, W. C. McKee, of his arrival in New York. Mr. McKee, who was a member of the 356th Infantry, 89th Division, saw active overseas service.

Word of the arrival at New York of Arthur Smith with the 356th Infantry, 89th Division, has been received by his sister, Mrs. Will Loch.

Miss Berenice Rice of Oklahoma City Okla., who was the week-end guest of Miss Eleanor Smith, left yesterday afternoon.

WILSON CONFERS WITH HIS STAFF

OBTAINING VIEWS ON AMENDMENTS PRESENTED BY LLOYD GEORGE

WOULD LESSEN HUN LOAD

Lloyd George Proposes to Fix German Indemnities at 25 Billion—Italy and Japs Out of Discussions.

Paris, June 3.—President Wilson conferred this morning with every chief expert of the American Staff in obtaining their views on the German counter proposal by Lloyd George. Lloyd George, it was learned, proposes to fix the total of the German indemnity at twenty-five billion dollars, and also favors modifying the French demands in the Saar basin to meet some of the German objections. He suggests a pleb iscite in Silesia and favors the granting to the Germans of more merchant shipping than the treaty now provides. The Italians and Japanese have washed their hands of the matter, declaring that they are not interested in these features of the German reply.

REPORT PETROGRAD TAKEN BY ESTHONIANS AND FINIANS

Previous Advices That Reds Were Driven From Russian Capital Prove Premature.

Christiana, June 3.—Petrograd has been captured by the Esthonians and Finns, according to an unconfirmed report received by the newspaper Tidens Tegn from Vardo today. It had previously been reported that the Finns and Esthonians had driven the Bolshevik defenders from Petrograd, but the report proved premature.

SUGGESTS LOWER PRICES THRO ARMY SUPPLY SALE

Secretary Baker Welcomes Any Suggestion for the Lowering of High Cost of Living.

Washington, June 3.—It is highly desirable Secretary Baker this afternoon told the house committee on military affairs, that the existing high cost of foodstuffs be cut down. He said he would welcome any suggestion whereby this could be accomplished by selling the American public reserve stocks held by the war department and not needed for the army.

Miss Fraser Returns.

Miss Allie Fraser, an instructor in the Okmulgee, Okla., schools for the past year returned to Maryville this noon.

Dr. Bertha Lininger returned this noon from Jefferson City, where she has been attending the Chiropractic convention.

Miss Julia Denny has returned from Oklahoma City, Okla., where she has been teaching the past year.

WEATHER FOR TODAY

Unsettled tonight with probable showers in the eastern portion Wednesday. Partly cloudy and somewhat warmer.

Attention Brother Elks

You are requested to be at the Elks Club rooms this evening at 8 o'clock, Initiation of candidates and important business session in connection with Salvation Army Drive to be conducted under the auspices of our order.

MEMBER MISSOURI PRESS ASSOCIATION

A MODEL HUBBY, GIRLS.

St. Louis, June 3.—Here's a golden opportunity for a girl to get a model husband.

The following letter received by the Chief of Police O'Brien from Walter H. Allen, 2642 Larimer street, Denver, Colo., speaks for itself:

"'Pardon me for writing a letter like this, but I am a young widower, very lonesome for a good girl that is tired of living alone and would like to settle down.

"I am thirty-three years old, have dark hair and eyes, dark complexion, am 5 feet, 5½ inches tall, and weigh 130 pounds.

"I do not drink, smoke or chew.

"I can cook, sweep, wash clothes, iron, wash dishes, scrub floors and dress kids.

"If you know of a girl between seventeen and thirty-five years of age, tell her to write to me. I do not care whether she is as homely as a mud fence, if she knows how to love and treat a fellow right. I have no objection to a woman with a small child, and prefer a girl who has to work rather than one who does not."

NEW IDEA IN SUICIDE.

Steubenville, O., June 3.—Alexander Wyes, thirty-two, sought a novel method of commiting suicide. He looped his leather belt about the post of the iron bed, put his head through the loop, twisted his body several times until the belt had tightened about his neck, then laid down in bed and strangled to death.

South Australia, with an area of more than 240,000,000 acres, has only slightly more than 5,000,000 acres under cultivation.

REV. HALE HAS NEW CHURCH BUILDING

First Service in New Building in St. Louis Held Sunday with Dedication Next Sunday—Building Cost $130,000.

The following is from Monday's St. Louis Republic about the new church building of the Delmar Baptist church of that city, of which Rev. Lewis M. Hale, formerly pastor of the Baptist church of this city, is pastor:

A large audience gathered yesterday morning for the first service held in the new edifice of the Delmar Baptist church, Washington avenue and Skinner road, which also marked the beginning of a week of special dedication services, closing next Sunday with the formal dedication of the new building erected at a cost of $130,000.

Rev. Dr. Lewis M. Hale, the pastor, preached the sermon yesterday on the subject, "The Priceless Privilege of the Followers of Christ," taking as a basis for his remarks the statement of Paul in Philippians 3:8 that he counted all things as loss compared to the knowledge of Christ.

Dr. Hale stated to his audience that he was setting up standards of Paul in the first service in the new church that should stand for the congregation as long as the church stood. He declared that there was a difference in knowing about Christ and knowing Christ. He said that he had known of Lincoln all his life, but when he heard the famous lecturer, Dr. Russell H. Conwell, lecture on "Lincoln," telling of his personal contact with the emancipator, he knew he had never really known Lincoln.

"Having been born and reared on a farm," Dr. Hale said, "I thought I knew trees, but I heard Gypsy Smith tell of his knowledge of trees. When he told of putting his arms around them and ear against the bark to listen to the heart and voices of the trees, I knew I had never known trees. The same is true of knowing Christ. It is in the personal touch. You may know of him and not know him in a vital sense."

Sacrifice, he said, is the keyword of the Christian life, but he declared that no one could know the real meaning of sacrifice until he has personal knowledge of Jesus Christ.

He declared that salvation itself was not dependent on subscribing to any creed or doctrine, or complying with any ordinances, but in a personal knowledge and acceptance of Jesus as the divine Son of God. The high privilege, as spoken of by Paul, he said, was a two-fold; first, to know Christ, and second, to be able to interpret him to that portion of the human race that does not know him.

Monday and Tuesday nights of the week's celebrations are to be given over to the Baptists of the city, with addresses by Revs. Charles Durden and W. E. Darrow on Monday night, and Rev. R. B. Whiteside and Dr. W. H. Geistweit on Tuesday night.

Wednesday evening an honor-roll service in honor of the 46 from this church in the service will be held, with Rev. Harold L. Reader, former chaplain of the 35th Division, as the speaker.

Thursday night will be Church Federation night, with Dr. A. H. Armstrong, executive secretary, in charge. The different churches of the neighborhood will take part and an address will be made by Dr. H. B. Rhodes of Grace Methodist church.

Friday night will be in charge of the women of the church, when Mrs. Marshall Hall, president of the Woman's Guild, will preside. Addresses will be made by Miss H. Edna Beard and Miss Allene M. Bryan.

Dr. Len G. Broughton, pastor of the First Baptist Church, Knoxville, Tenn., rated as one of the most eloquent Baptist preachers in the world, will preach next Sunday, both mornng and evening.

Jamaica has suffered from three hurricanes in three successive years, as a result of which its banana fields were completely destroyed and great damage done to cocoanut and other plantations.

ODD COMMUNITIES THAT DO NOT WANT GOOD ROADS.

At first the government appropriated $20,000,000 for the encouragement of improved highways. Today $10,000,000 is available to every $1,000,000 that originally was provided. During the course of the war the expenditures were somewhat suspended, but the government had not reacted upon the proposition. Instead the good roads bureau of the department of agriculture was as busy as ever before, examining projects and paving the way for a resumption of work once the stress of war, with the prohibitive prices of materials and the scarcity of labor, should pass. It has just been announced, in this connection, that 1,057 projects have been approved by the government at an estimated cost of $92,933,000. Nor is there the old clamor of opposition heard against federal aid to public highways. No longer do men of shortened vision scream about the "automobile lobby" trying to "loot" the federal treasury. There is national acquiescence in the plan of the federal government to lend its aid to those progressive states and communities which demand better roads, and every section of the country is claiming its share of the appropriations.

And there are communities right in this section of Missouri that can't see the value of hard-surfaced roads. They do not seem to recognize the fact that a hard-surfaced road from farm to town, a road that will bear the maximum load for twelve months of the year, is a great time saver. Yet any farmer in any of these communities could tell of times when, held at home by a mud embargo, he helplessly watched a fall of the market cost him a hundred dollars or so.

The chief obstructionists are those who object to the expense. They prefer the mud to taxation for improved roads. That is short-sighted business. The money comes back several ways: one is the enhanced value of the land, the other is the time and money saved by having an easy road to travel to market; and we must not leave out of consideration the value of personal comfort and security or travel for purposes other than business. Indeed, there is no factor that so vitally affects the value of farm land or the margin of farm profits as that of transportation. And the larger part of the cost of transportation from farm to ultimate consumer is that incurred by the haul over public highways. It seems odd, indeed, in these days of progress, to hear of a community that doesn't want good roads.—St. Joseph News-Press.

Few Grasshoppers This Year.

This seems to be an off year for grasshoppers, according to entomologists of the United States Department of Agriculture, who recently made a survey of the grasshopper situation in a number of counties in southwestern Iowa that were badly infested last year. According to the report only a few counties in that section are likely to suffer this season. A comparatively small number of eggs were deposited last fall, probably due to parasitic insects having killed most of the hoppers before that time. Except in the counties mentioned, fully 85 per cent of the eggs that were deposited have since been destroyed by insects that feed on them. The success of the use of poisoned bait was also noticed by the entomologists. Very few eggs could be found on the farms where poisoned bran was used last summer, but on other farms near by the ggs were unusually abundant. This difference was so great as to be noticeable even in adjacent fields.

Hundreds of people are cutting down the high cost of living by attending our

The Store Quality and Low Prices Built.

Haines

The Store Quality and Low Prices Built

NOW COMES A NEW GOLD RUSH.

Portland, Ore., June 3.—Old time miners of the Northwest are making toward Portland Canal, extreme southern part of Alaska, where a rich strike has been reported.

The exodus of prospectors brings to mind the famous rich strikes of the early days. Hundreds of men are leaving on every boat for Alaska, via the Inside Passage, taking their chances on staking some rich ground.

The strike was made, say reports, on old diggings on the Alaska side of the Alaska-British Columbia boundary. The ground is quartz formation.

Practically all promising claims have been staked.

JOYS OF THE FRONT AT HOME.

Connellsville, Pa., June 3.—Cooties, the real genuine kind, probably sent in Hun helmets as a joke, have gained a foothold and half of the county is squirming. The pests are said to be multiplying rapidly.

'TRIM AND WAIT ON TRADE' AD BRINGS MANY REPLIES.

Portland, Ore., June 3.—The talent of milliners is reflected here today in the numerous applications for a position in answer to the following ad appearing in a local newspaper.

"Wanted—Young lady to trim and wait on trade in millinery store.

Guessing Contest Closed

Out of 2056 Champion X Spark Plugs placed in our window May 1, 1919, we sold 473 in the month of May, leaving 1583.

Roland Holloway won the first prize of a set of 4 Champion heavy duty stone plugs, guessing 1575. John Graham and Ray Rickman tied for second and third prize, both guessing 1600, winning a set of 4 Champion regular and a set of 4 Champion X.

Barmann Auto Company

MARYVILLE, MO.

The home of the Ford Car and Fordson Tractor
A large stock of automobile supplies, tires and oils for all makes of cars.

True Reproduction of Music

The construction of the Brunswick and Pathe Phonographs make them reproduce music perfectly and with a superior, rich tone.

This is accomplished by the wooden sound chamber and horn, which is built like a violin.

These phonographs will play all makes of disc records, and are especially efficient in reproducing music from Pathe records, using a jewel pointed needle that does not wear out.

We have no hesitation is selling and guaranteeing these machines because we know there are no better phonographs on the market. If we did not know that, we could not sell them, because—like all of our goods—they MUST stand the test and BE AS GOOD AS WE SAY THEY ARE.

We would like to have you come and hear these phonographs.

The Drop of Life.

If my life runs through many days,
God grant me this, though hard my part;
However wild and rough the way,
I still may keep a merry heart.

If one I love betrays my trust,
Friends, health and riches all depart;
Though faith and hope lie in the dust,
Still grant me, Lord, a merry heart.
—Sydney Wells in the Seattle Post-Intelligencer.

Mrs. Lowry Hostess.

Mission Circle No. 3 of the Baptist church meets with Mrs. J. R. Lowry, 520 West 1st street, at 8 o'clock tonight.

Lloyds Entertain.

Mr. and Mrs. Eldon Lloyd entertained last night with a six o'clock dinner in compliment to Mr. and Mrs. Harry Kerr and daughters, Margaret and Helen of Des Moines, Ia. Plates were laid for the honor guests, David L. Denning and the host and hostess and their children, Clarence and Lucy.

Spoor-Kessler Marriage.

Miss Thurla Spoor, daughter of Mr. and Mrs. Warren Spoor, and Ernest Kessler, both of Maryville, were married yesterday in Clarinda, Ia. After a week's visit in Omaha, they will be at home in this city. The groom is the son of Mr. and Mrs. J. C. Kessler, also of Maryville.

For Normal Students.

The Epworth League of the First M. E. Church entertained with a reception last night in the church parlors for the Normal students. Miss Wave Hulet, Miss Matie Price and Miss Edith Hartness served punch. The rooms wre decorated with spring flowers and Japanese lanterns and parasols. The musical program included vocal solos by Mrs. Fred Robinson and Rev. G. S. Cox, accompanied by Miss Willetta Kittell, a duet by Mrs. Robinson and Rev. Cox, and violin solos by Miss Ruth Hankins.

Refreshments of ice cream and cake concluded a delightful evening.

Birthday Surprise.

The members of the Men's Sunday school class of the Baptist church, taught by Rev. W. C. Ferguson, surprised Mr. and Mrs. Ernest Glover at their home, 715 South Buchanan street last night on the occasion of Mr. Glover's birthday. Music and games were enjoyed and refreshments of ice cream strawberries and cake served. Those present were Rev. and Mrs. Ferguson and son, Fred; Mr. and Mrs. Wm. Everhart, Mr. and Mrs. C. W. Alexander and son, Ernest; Mr. and Mrs. J. J. Ryan and children, Emma and Lawrence; Frank Martin, John Quinn, John Spickerman, Frank Jackson, Leo Strong, Arthur Warner, Al Dragoo, Laura White, Doris Cornett, and Martha, Vilas and Harry Glover.

Merry Mingler Club.

Mrs. James Lacy was hostess to the Merry Mingler club last Thursday afternoon. A danity two-course luncheon was served by the hostess, assisted by Dorothea Nelson, Vivian Lacy and Genevieve Tallon, at the conclusion of some musical numbers given by Mrs. Fisher Mercer. The visitors for the afternoon were Laura Kathryn Conley, Mildred Dooley, Dorothea Nelson, Bernadine Jaeger, Inez Lacy, Margaret Jaeger, Arvilla Trullinger, Vivian Lacy Mary Tallon, Genevieve Tallon, Mrs. J. Dooley, Mrs. J. B. Watkins, Verlin Conley, Jr., Forrest Edmon Wallace, Ralph Edwin Mercer, Tom Tallon, J. B. Johnson, James Lacy and Fisher Mercer, and the members present were Mrs. Tom Tallon, Mrs. J. B. Johnson, Mrs. Fisher Mercer, Mrs. Fred Wallace, Mrs. A. B. Stiens, Mrs. H. Smock, Mrs. H. J. Lind, Mrs. Lewis Wilson, Mrs. Will Trullinger, Mrs. Verlin Conley, Mrs. Will Thornhill, Misses Edith Marsh, Clara Stiens, Minnie Jaeger, Nettie Smock, Mine Armstrong, Teresa Jaeger and the hostess. Mrs. H. J. Lind will be the next hostess June 12.

To Son's Wedding.

Mr. and Mrs. R. L. McDougal and son, William, left today for Ottumwa, Ia., to attend the marriage of their son, John L. McDougal, and Miss Lucile Caswell, which will take place Wednesday at the home of the bride's mother, Mrs. T. L. Caswell. The groom is well known in this city, being the eldest son of Mr. and Mrs. McDougal. He attended the public and high schools and spent two years at the State Normal school here. He also spent a year at the state university, Columbia, beginning there the study of law. Upon leaving school he entered the Y. M. C. A. work, being employed as membership secretary of Central Y. M. C. A. of Ottumwa, for a year, where he met his bride. He went from there into army Y. M. C. A. work at Camp Dodge, Ia., where he served six months. He left that work to enter the service in another field, enlisting in the Naval Reserve force and went to Washington, D. C., to await his call into active srvice. He now has an excellent position with the U. S. postoffice department in Washington and is also completing his studies in law at the George Washington university.

Mr. McDougal and his bride will spend two weeks in Denver, Colo., visiting his sister, Miss Margaret McDougal, and other relatives and friends They will also visit Mr. McDougal's parents here, the bride's mother in Ottumwa, and in Chicago, before returning to Washington where they will make their home.

Belchers Entertain.

Mr. and Mrs. E. R. Belcher entertained Sunday in honor of Mrs. Belcher's father, N. F. Rutledge, who leaves soon to visit relativs in Algona, Ia., and points in Minnesota. The guests were Mr. and Mrs. George Sorrie, Mr. and Mrs. John Yates, Mr. and Mrs. Andrew Wood, Jack Sorrie, Ed Frank, Margaret and Mildred Sorrie, Nellie and Mabel Logan, Margaret Wood, May Doran and Ervilla Belcher.

Beals At Home.

Mrs. Thaddeus K. Beal and daughters, Misses Allie and Bertha Beal, who have had apartments at the Bainum Hotel for the winter, wil be at home after tomorrow at the Beal residence, 403 East 4th Street.

White Dinner.

Mr. and Mrs. W. A. White entertained Sunday noon with a dinner, at their home on North Main street. Their guests were Mr. and Mrs. T. M. Trullinger, Mr. and Mrs. E. B. Trullinger, Mr. and Mrs. J. J Knabb, Mr and Mrs William Job, Sr., Mr. and Mrs. O. J. Willhoyte and daughter, Leora Frances Frank Peace, Frank Hall and daughter Wilma.

Mr. and Mrs. Bert Colwell and little daughter, Katherine of Twin Falls, Idaho, who are visiting Maryville relatives, will go to Burlington Junction tomorrow to spend the day with Mr. and Mrs. O. F. Wilson.

Mr. and Mrs. Chas. McNeal left Sunday morning for Camp Funston, Kan., to meet a nephew, Harvey Crawford, who will receive his discharge from military service there. Mr. and Mrs. McNeal are expeeted home tonight.

CHALLENGES DRESS REFORMING PREACHERS.

Boston, Mass, May 31.—"The preacher who would preach the ruffles, frills, decollete and naughtiness out of women's clothes is preaching away the foundations of the world."

This challenge to clerical dress reformers is launched by Maria Thompson Davies, authoress and playwright. "It doesn't matter how wispy or clingy or fluffy or abbreviated at top and bottom the garments which women affect may be," she asserts, "as long as they are willing and do emphasize by their dress the fact that they are women there is hope for the world."

INTERESTING PICTURES IN MARCELL STUDIO DISPLAY

Historic Scenes Depicted in Exhibit Shown at Local Photograph Gallery—Many of Great Value.

The Marcell Studio display rooms are full of unique and interesting pictures this week. They range from the old hulk of the Maine in Havanna harbor and tropical scenes in the Bermudas to the ice clad tops of the Alps. From the oldest Gothic architecture to the latest aerial photography.

These pictures are collections of various personages in and about Maryville who have been in the various corners and out of the way places of the globe. The pictures are instructive, interesting and entertaining and may be seen any time this week.

Clun Price has some marvelous war pictures that put the thrill up your back bone. Cook has some from Germany and France of a classical variety A real typical old fashioned Mexican bull fight, the Mexican water-carrier girl and rancher and a great number of equally interesting pictures from England and Italy beautify the collection. Not only are the pictures attractive but a number of them are pictures of great value.

Mr. Marcell has been collecting this and other groups to be shown later, for several months. Some of the kodak views have been enlarged to bring out the picture into better detail.

BOY SCOUTS START DRIVE ON "TENT" CATERPILLARS

Washington, June 3.—Boy Scouts, attention! The big drive to get the "tent" caterpillars, those webby things that hang in the trees in June, is on. This is the game at which the Boy Scouts have had the best kind of fun, says the American Forestry Magazine, which urges that organizations be effected to block formations in order to rid the trees of the pests.

"The tents," says the magazine, "are common at this time on wild cherries, mulberries, willow and other trees. Apply a burning rag or torch to the web, or else squirt a little kerosene into the web. This should be done under proper supervision in every case."

Other suggestions for June follow:

Spray for leaf-eating insects, for most of them commence defoliation at the end of May.

Hickory trees infested with the hickory bark borer should be removed and destroyed, for the beetles emerge early in June and proceed to other trees. Look for the fine holes in the bark and the fine sawdust that is ejected.

Spraying for sucking insects is urged and advice along these lines will be gladly given to any who write to the American Forestry Association, Washington, D. C., and enclose a stamp for answer. In almost any group of trees will be found branches that have died off during the Winter. These can be removed now and the resulting wounds covered with coal tar.

WOMEN REPAIR ROADS.

Atlantic, Iowa, June 3.—Disgusted at the condition of the highway in front of their houses, which had not been repaired for months, Mrs. G. De Witt and Mrs. J. R. Railsbeck, wives of well-known farmers of Griswold, repaired the roads themselves.

Many automobiles and trucks mired in the road in front of the two homes. The women procured planks and a couple of shovels, and going to the mudhole threw the planks in the hole and covered them with fresh dirt.

The road is now passable.

Gilbert Aken, who has been employed at the Townsend wholesale house for the past three years, has resigned and left Monday morning for North Platte, Neb., to take a position with the Pacific Fruit Express Co.

Cuba produced four million tons of sugar last season, according to latest estimates.

OZARK FOREST LANDS WILL SUPPORT STEERS.

While inspecting one of the University forests recently F. B. Mumford, Dean of the University of Missouri College of Agriculture, saw good timber and good cattle being raised on the same ground at the same time in the Ozark region. This is the everyday experience of Taney County farmers. Much of the area of Taney County is not suitable for farming. A very considerable portion of it is rocky, steep and rough. The soil is primarily a timber producing soil, the forest being interrupted by numerous openings or glades. Only the better parts of the uplands and the bottom lands are suitable for the production of ordinary farm crops.

Dean Mumford observed that his experience had been, "Two acres of bluegrass in a well watered and fertile region are required to support one steer during the grazing season. The animal can reasonably be expected to put on from 200 to 400 pounds of weight during this time." Practical experience in Taney County indicates that five acres of land unsuited to farming will support a steer for from six to eight months and the steer will make a gain equal to that of a steer on bluegrass. The brush, weeds and grasses of this forest-glade land have, therefore, about 40 per cent of the efficiency of bluegrass pasture. Mast is not considered as forage for cattle.

The problem of winter feeding is not a serious one. Lattle may be wintered on one pound of cottonseed per head per day if they are properly sheltered and allowed to forage. They will gain slightly in weight if fed two pounds of cake a day and will make good gains if the cake is supplemented with hay and grains raised on the better soils.

Australia produces numerous hard woods, among which is the yate, the strongest known timber, with an average tensile strength of 24,000 pounds to the square inch and a maximum as high as \35,000—about equal to cast and wrought iron.

CLEVELAND BATHING GIRLS MUST HIDE KNEE DIMPLES.

Cleveland, June 3.—Go as far as you like, girls.

Bare legs are not only permissible, but welcomed on Cleveland bathing beaches this summer.

But—

One-piece bathing suits are passe and skirts must be of such length as to hide any dimples that may lurk about the knee.

Such is the edict of Park Commissioner Newell, who annually decrees the beach styles for this city. "Shimmying" and in fact dancing of any character is barred on the beaches, he also announces.

NEURALGIA or Headache—Rub the forehead and temples with VICK'S VAPORUB "YOUR BODYGUARD" - 30¢, 60¢, $1.20

If You Use Coal

The coal outlook for next winter is becoming more serious each day from all reports that we can get and we would advise early purchases for next winter's use. It is really more serious than last year as coal miners are scarcer, consequently the output will necessarily be short. The railroad equipment is badly run down and with the harvest crop outlook the railroads will be taxed to their utmost. Consequently the movement of coal will be very slow.

You can see the conditions. Use your own judgment. Do not let your feed bins run to low as feed stuff is getting awfully scarce and very hard to get.

Our Increased Business

Has made is necessary to employ more help in our market, and we now have with us Mr. Bert Blatter, who is well known in Maryville ,and who is an experienced meat cutter and market man.

We owe our increased trade to our customers who have found our cash and carry method and our sanitary market to their advantage.

We also believe that much of our business results from handling the best meats and other food products we are able to buy, and to our policy of trying to carry what our customers want.

With more help we will better to give you quick service and to handle more trade than ever, and it is our hope that we will be able to give the kind of market service that will insure a continuance of our present patronage and an ever increasing business.

SOCIALISTS OF ITALY PLEDGE TO BOLSHEVIKS

London, June 3.—Resolutions practically pledging the Italian Socialist Party to Bolshevism have been formulated by the executive council of that organization, according to advices received here from Rome.

The executive council consists of four een members. One of them, Arturo Volla, is serving a prison sentence awarded for active socialistic speeches nd propaganda, and the decision on the iew programme was formulated and dopted by the remaining thirteen.

Meetings were held from March 13 to March 22, and the general secretary of the Aragona General Confederation of Labor took part in the discussions. The Russian, German and Austro-Hungarian evolutions were commended and resolutions were passed condemning the Paris Conference on the ground that it was preparing to "oppress' a conquered people."

It was also decided that the Italian Socialist Party could no longer affiliate with the International Socialist Bureau on the ground that the latter organization tolerated "patriotic" Socialists, and by a majority of 10 to 3 t was decided to link up its forces with the Revolutionary Socialistic International. This latter organization is a Bolshevik society which held its meetings in Moscow recently.

The final resolution which was adopted withdrawing the Italian Socialist Party from the International Socialist Bureau. stated that the Italian part intended to "work for constitution of the Revolutionary Socialist International on the principles established by the Russian Communists."

The resolution further declared that active measures wiuld be taken to win over the Socialists of other countries to the movement and that action would be taken to organize a general strike in order to force the withdrawal of Italian troops now in Russia.

WARN REDS FROM KANSAS CITY.

Kansas City, June 3.—"Bolshevists, I. W. W.'s, Anarchists and Radical Socialists beware! Keep away from Kanas City. Hold your meetings in Kanas City at your peril!"

This is the warning of Chief of Police Scott A. Godley, and he means it, too. The statement was made following the report of a recent meeting of he radical elements of Kansas City here.

"There will be wholesale arrests the next time a 'Red' gathering is held here," the Chief continued. "We'll keep Kansas City clean if we have to comb every building. Bolshevists, I. W. W.'s, Anarchists and others should earn that the welcome sign is not and never has been hung out for them in Kansas City."

The Chief issued an order to all patrolmen to keep a strict watch on all known radicals and for "Red" meetings.

WAR FUND BALANCE TO MAKE BETTER CITIZENSHIP

Cleveland, Ohio, June 3.—Cleveland's City War Board, a co-operative civic organization which financed the city's share in war contributions, has appropriated $18,000 of its unexpected balance to carry on citizenship work among the hundreds of foreigners who have taken out first citizenship papers here since the signing of the armistice.

"Our drive," said Chairman Moley, announcing the appropriation, "will be to turn out 10,000 real American citizens among the many foreigners who are eager to know this country and its institutions."

RECORD STATE BALANCE

Missouri Funds Total $10,640,641, the Largest Ever Held in the Treasury Due Largely to Unpaid Appropriations.

Jefferson City, June 3.—There was in the state treasury yesterday at the opening of business for the month of June a balance of $10,640,641.64, this being the largest balance ever held in the treasury in the course of ordinary business. Explanation of the big balance lies in the fact that no money has been drawn from the treasury since the first of last January and none can be until appropriation bills are signed by the governor. When propriations are available the big balance will melt away rapidly.

NO POLITICS IN PAROLES.

Jefferson City, June 3.—"There is absolutely no politics in any parole granted by the executive office," declares Governor Gardner.

"As I testified before the committee of the legislature that investigated administration of the State Prison Board," the governor continues. "I have never issued a parole that has not been recommended by the Board of Paroles and Pardons."

"Also I might state as I told the committee, I have never gone behind the recommendations of the board. All requests for clemency are simply turned over to the board for its investigation no matter from what source they come."

BECKER GIVEN HIGHWAY JOB.

Jefferson City, June 3.—Representative Charles W. Becker of Polk county, has been appointed assistant secretary of the State Highway Commission by Secretary John Malang. The salary of the position is $2,400 per annum.

Becker is still a member of the legislature but the construction of the clause of the constitution prohibiting a member of the assembly from being appointed to any office during the term for which he was elected is that a clerical position is not an office.

Becker has been one of the Republican leaders of the lower house during the past three sessions of the legislature.

HALF OF DIVORCES WITHIN YEAR.

Los Angeles, Cal., June 3.—Fifty per cent of the divorces are filed in cases where husband and wife live together less than a year. Motherhood has no part in one-half the divorce cases. Motherhood preserves the home by protecting is from selfish and petty quarrels.

These observations were expressed by Superior Judge Fred H. Taft from actual experience in the Divorce court. Children whose parents have separated are likely to grow up with an unnatural attitude toward the parents with whom they have not lived, he said.

Work for Business Farming.

A large number of Montana farm bureau members have organized a State farm management association and will ffer over $300 in cash prizes for the advancement of this type of work. There will be $100 in prizes for the best kept and most accurate farmer's account book, another $100 for the best organized farm as shown by the account book, and a $100 trophy as sweepstakes will be offered as a combination prize. A $25 shield will be awarded to the county or farm management club showing the most results accomplished from keeping and studying record books in groups. These prizes have been donated by commercial firms doing a State-wide business, all of whom recognize the importance of this work.

Lithuania has a population of six million and is larger than Switzerland and Denmark combined. In the fourteenth, fifteenth and partly in the sixteenth centuries, Lithuania was the largest state in Europe.

GIFT TO SAVANNAH TEACHERS

Private Donation of 20 Per Cent Salary Increase Which Applies to Those of High School and the Grades.

Savannah, June 3.—Dr. Perry Nichols, proprietor of the Nichols Cancer Sanitarium here, has donated a 20 per cent salary increase to Savannah teachers for the coming year. The increase applies to both the high school and the grades.

In May 14 the Savannah school district voted $18,000 in bonds for the building of a school gymnasium. Doctor Nichols also donated $1,000 to the gymnasium fund.—St. Joseph News-Press.

HAND GRENADE BANKS FREE TO ALL CHILDREN WHO WILL USE THEM.

Washington, June 3.—Savings banks that started life as hand grenades intended for use by the American Expeditionary Forces against the German,s will be distributed to school children who earn enough money this summer to buy war savings stamps.

Distribution of the banks, numbering fifteen million, will be entirely under the direction of the savings directors of the twelve federal reserve districts. Every child under 10, who earns enough to buy one war savings stamp will be entitled to a bank. Those over 10, will be required to earn enough for two stamps. In addition they must submit to their school teachers at the opening of the fall session an original story telling how they earned the money.

Indorsement of the thrift campaign of the war savings division of the treasury was given today by Samuel Gompers, president of the American Federation of Labor.

CATTLE AND HOG REPORT.

Jefferson City, June 3.—Based on 100 feeders on 28 Missouri counties, the number of steers on feed May 1 was 85 per cent and hogs 103 per cent of last year, according to a recent special report of E. A. Logan and Jewell Mayes of the U. S. Bureau of Crop Estimates and the Missouri State Board of Agriculture.

Sixty-two cattlemen had 3,447 steers on feed against 4,014 last year, or 15 per cent fewer. The cattle on grass shows increase of 16 per cent over last year, or 3,404 against 2,931. Several heavy feeding counties are carrying more cattle on grass than last year.

Of the cattle on feed 70 per cent have been fed 12 weeks or longer, none over 25 weeks. Feeders expected to ship 47 per cent in about 4 weeks, while within 8 weeks 95 per cent will have been shipped to market. Only 3 feeders expected to hold over 3 months

One-third of the cattle will be on feed from 15 to 18 weeks, while another third will have from 21 to 26 weeks, and a small number fed over six months. Eighty-eight per cent of the cattle will have been fed 14 weeks or over, with the larger number from 12 to 20 weeks.

Ninety-four hog raisers in 28 counties had 9,817 hogs on feed against 9,480 last year, or 3 per cent more, 4,395 shoats on grass against 3,900 last year or 12 per cent more, and 5,678 spring pigs against 6,360 last May, or 11 per cent fewer.

Of the hogs on feed 11 per cent have been fed under four weeks, 40 per cent four to six weeks, 30 per cent eight to twelve weeks, and 17 per cent over fourteen weeks. Two weeks from May 1 25 per cent were sent to market and at the end of six weeks 64 per cent. The popular feeding period is from 70 to 100 days, as over half will be fed a total of 10 to 15 weeks.

NEW FARM CENSUS LAW.

Jefferson City, June 3.—Missouri now has for the first time an annual "Farm Census Law," Governor Frederick D. Gardner having signed House Bill 759 by Representatives Nick T. Cave and Albert Chambers, the act carrying an emergency clause which places it into immediate operation.

The county and township assessors are paid four cents per farm for this extra work which is done at the same time as making the assessment for taxation purposes, but this listing is entirely separate and in no way connected with the tax list.

Kansas has had such a law since 1875, and most of the states of the Corn Belt have a "Farm Census" law in some form or other.

Every farmer on each farm will be required to answer the following questions, beginning June 1st, when the local assessor calls:

(a) Name and address, including R. F. D. number.

(b) Owner or renter. Answer "O" or "R".

(c) Have you any registered pure bred live stock? Answer "Yes" or "No."

(This question "c" is asked solely for the purpose of securing addresses of owners of "registered live stock" including horses, cattle, hogs and sheep, so that the Board of Agriculture can publish a free bulletin carrying names of all owners of pure bred live stock. Farmers must have at least one 'registered" animal to get into state bulletin, which will be mailed all over the United States and be of great value to all persons, who sell pure bred animals. The board of Agriculture will send each such farmer a blank later, to list his pure bred stock in detail.)

1. Total acreage in farm.
2. Number of silos.
3. Acres in corn.
4. Acres in winter wheat.
5. Acres in spring wheat.
6. Acres in oats.
7. Acres in rye.
8. Acres in barley.
9. Acres in Irish potatoes.
10. Acres in tobacco.
11. Acres in cowpeas.
12. Acres in soybeans.
13. Acres in sorghum to be made into syrup.
14. Acres in kafir and other forage sorghums.
15. Acres in clover and timothy to be cut for hay.
16. Acres in alfalfa hay.
17. Acres in prairie or wild hay.
18. Acres in other crops to be cut for hay.
19. Acres in cotton.
20. Acres in other field and garden crops, etc.
21. Acres in lands in pasture, 1919.
22. Number of apple trees of bearing age.
23. Number of hives of bees.
24. Number of cows and heifers two years old or over.
25. Number of poultry, (young and old, including turkeys, ducks, geese, guineas, etc.)

Register All Stallions.

Every stallion in the State of Missouri standing for public service must have a state license, the fee for which is $1.00. Application blanks can be secured from the "Missouri Stallion Registry Board, Columbia, Mo."

Publishers of newspapers will give great service in running notice to this effect.

The stallion license law provides for certain requirements in the preparation of copies for the printing of stallion bills, posters, and advertising. Publishers should familiarize themselves with these requirements.

Real Estate Bargains

We have some excellent bargains in farms from 20 to 320 acres. And at prices to suit anyone. Priced from $100 to $250. We can make terms to suit anyone. We also have many bargains in EASTERN COLORADO LANDS. You can get this year's crop if they are taken at once. Better see us right away if your are interested. BOCK SANCTIONS WATER PLANT HERE

REPRESENTATIVE OF ST. ... FIRE UNDERWRITERS W... REPORT.

CONGRATULATES CITY

Expresses Appreciation for Interest of City in Underwriter's Opinion—Slight Bearing on Rates.

F. L. Bock of St. Louis, a representative of the State Fire Underwriters Bureau, who is here making an investigation of the proposed improvements ... system planned by E. E. ... City made a short repo... the regular meeting of the ... last night.

"The City of Maryville is to be congratulated on the plan which has been chosen for the improvement of the water system here," he said, "and the plans submitted by Mr. Harper are highly efficient and logical for a city of this size."

Mr. Bock spoke entirely from the standpoint of the fire protection of such a system.

In reply to questions as to whether a more expensive system would cause a material decrease in the water rates he replied that in a city such as Maryville, the decrease in fire rates was more a matter of the individual construction of the buildings and the local fire hazard, than the public water system.

Mr. Bock expressed appreciation for the manner in which the Commissioners and the Commercial Club have shown their regard for the opinion of the Fire Underwriters Bureau, by the calling of a representative to investigate here before the plan is put into effect.

TO PLAN MEMORIAL EMBLEM FOR QUITMAN WAR HEROES

Meeting Called for Next Sunday Afternoon—Every Family Asked to Be Present at Discussion.

The citizens of Green township are requested to show their patriotism and appreciation for the men who served their country in the great war in the following notice issued by H. C. Bailey of the Farmers State Bank at Quitman, in which a meeting is called for next Sunday afternoon, June 8.

All the citizents of Green Township are hereby requested and urged to be present at a public meeting to be held at the Methodist church in Quitman on Sunday afternoon at 3 o'clock (new time) June 8. The purpose of this meeting is here briefly stated.

We as citizens of the United States of America and more especially as citizens of Green Township Nodaway County, Missouri, feel that we should in some fitting ways show our respects and appreciation to the boys who so bravely and fearlessly offered and gave their service and faced danger and hell that we might now enjoy the freedom and comfort of our homes and country that their victory has made it possible for us to do today, therefore we want to erect an emblem fitting to commemorate and perpetuate the memory of the boys from our township who paid the supreme sacrifice, as well as to those who were so fortunate as to be returned home.

At this Sunday afternoon meeting we will perfect an organization for the purpose of putting into effect the work as outlined above.

Let every family in Green Township be represented at this meeting.

Do not let the boys who have seen service call us slackers for our lack of duty in this matter, they will have the right to do it if you fail. We will expect you here at that meeting.

H. C. BAILEY.

REPORT 1.66 ... RAINFALL AT NOON TODAY

Report Taken Through Monday and This Morning—102 River Holds Well Within Banks.

The rainfall Monday and up to noon today amounted to 1.66 inches, according to Weather Observer Brink. With the rain of Saturday and Sunday, it makes the total rainfall 3.16 inches.

Reports from the city water pumping station state that the One Hundred and Two river is about two-thirds full at this point, and that although the stream has been showing a slight rise throughout the day, no flood damage is expected.

The filling which has been placed on the east bank of the river just above the bridge is holding well and no further erosion of the bank is apparent.

It was reported at the Station that the river will have to rise 3 or 4 feet before there will be any flood danger.

GRADUATE RECITAL TONIGHT

At the Conservatory Recital Hall by Members of the Graduating Class of That Institution.

A graduate recital will be given this evening at 8 o'clock at the Conservatory Hall by Misses Mary Carpenter, Amye Ebersole and Chloe Riggle, piano, and Ruth Hankins, violin.

HOLD MEMORIAL DAY EXERCISES AT PARNELL

Emmit Bishop of Ravenwood, Delivers Principal Address—Talks by Old and Young Veterans.

The Memorial Day exercises at Parnell last Friday were very well attended and many out of town people were present to do honor to the dead heroes at that place.

The first part of the program took place at the cemetery where the regular Memorial Day ritual of the G. A. R. was held followed by the decoration of eighteen soldiers' graves. The distribution of the flowers was in charge of thirty-four flower girls.

The second part of the program was given at the town park. Robert Payne, a soldier of the world war, delivered a tribute to the veterans of '61-'65 and a response was given by Roy Curry, for the older men.

Hon. Emmit Bishop of Ravenwood, the speaker of the day, gave an excellent talk in praise of the men who have fallen in battle in past wars.

Special musical numbers added to the afternoon's entertainment.

OPEN NEW EMPLOYMENT BUREAU NOW AT FUNSTON

Assist Members of 89th in Getting Employment—Aim to Place Every Man.

Jefferson City, June 3.—The Missouri Soldiers and Sailors and Employment Bureau, consisting of Adjutant-General Clark and State Labor Commissioner Lewis, has opened a bureau at Camp Funston to assist members of the 89th Division now arriving there in securing employment. Captain Baird is in charge and is being assisted by two discharged soldiers. The plan is to put the men directly in touch with the agencies maintained by the commission at various points in the state so that no time will be lost in placing every man in a job immediately after his discharge.

The commission had its first occasion to apply the publicity provision of the law last week. A business concern in a certain inland town in Missouri informed one of its clerks on his return home after his discharge that his place had been filled. The young soldied wrote Adjutant General Clark, and his employer received a special delivery letter by return mail asking what reason he had to offer why the facts should not be published. The reply was a telegram stating the young man would be given his old job immediately. General Clark says that as a rule employers are giving the men places and that the people of the state are patriotically co-operating with the commission fn its work in every possible way.

NORWAY AND SWEDEN DESCRIBED BY SAILOR

Charles Hess, Formerly of Skidmore, Tells of Experiences—Nephew of John W. Smith.

John W. Smith of this city, has received a letter written by his nephew Charles Hess to his mother at St. Louis Valley, Colorado. Young Hess formerly resided near Skidmore. He is in the navy and gives some interesting data concerning his experiences on the Scandinavian peninsula. The letter follows:

Iverness, Scotland, March 2, 1919.

Dear Mother: We arrived at the station yesterday from Norway, after a terrible trip across the North Sea. We started Saturday morning and reached Aberdeen Tuesday night. We were in Christina, Norway, through two weeks of good weather and were ordered out just at the beginning of a heavy storm. Once more the little boats posed for their high dive pictures but the wind blew so hard and between rain, snow and icy water there were no lights to take photos of her high leaps; although there were many leaps like the one in the photo I sent you in one of my other letters.

The sea beat over us and water stood on the deck from an inch deep to one's knees. All hatches and ventilators had to be battoned down. Even then the big, mountain like waves would lift us high and let us suddenly drop, than roll us over to one side. Once we went so far over that water came into the pilot house windows and ran down our high ventilators like a Niagara and kept us busy in keeping our engines in motion. Had they stopped for one minute we would have swamped before they could have been started again. Everyone knew that and every man kept busy shuffling throttles for three or four hours of watch and then when relieved we turned into our bunks to keep warm and as dry as possible until time to go on watch again in eight hours. Funny how little such a thing bothers a fellow. We slept like logs almost all the time off watch and no one was seasick at all. We arrived very wet but ready for a big meal as soon as she could lay still long enough for the cook to prepare something in the line of a chow. We were accompanied by a sea tug, "Goliah," which suffered the only loss on our trip. One man, a chief boatswain mate, was thrown overboard by the sea and it was simply impossible to rescue him so somebody has a bit of sad news somewhere back home.

Well, we are here all O. K. so far. The Naval Base at Plymouth has been broken up and we are now at Base 18 Iveness. We are told that our job is to sweep for mines in the sea where a terrific barrage was laid by our ships to stop subs coming through; now it is up to us to gather them in, pull their fangs and tame the brutes down so anyone can handle them without getting separated from their ideas.

Well, we are having a good time, anyway; its rather fascinating work flirting with explosive mines, depth bombs and the many queer things we find. Now, as most of our division has gone back to France to get started back to the U. S. we seem to be elected to stay eight or ten months unless we get put over on some other duties as there are about 70,000 mines to plow up and bag for market before the harvest day is over, and we'l be bound for home.

I would like to be put on one of the big German submarine to bring home and will try for the place, but likely I am too late as a bunch of men were picked before we reached here.

Well, we all like Bonnie Scotland and the people are sure fine. There is a big Y. M. C. A. here and is sure a fin place. I thought you deserved a letter.

I took a beautiful set of Norway kodak pictures and when I get some finished, will send a bunch through. Well mother, dear, I will have to cut this letter short as my pen is complaining of working overtime.

Lots and lots of love to mother, sister and all.

As ever,

CHARLES.

Address Base-18 Abberdeen, Scotland.

"NORTHER" HITS TEXAS.

Amarillo, Texas, June 3.—Four inches of snow fell at Dalhart last night, and the entire Texas Panhandle is today in the grip of a "norther." It is not believed that the crops will be damaged as the snow fell soon after falling.

Miss Ethey Ray returned yesterday ...

A SECOND NATION WIDE BOMB PLOT

EVERY GOVERNMENT AGENCY ON LOOK-OUT FOR PERPETRATORS

BOMB AT ATTY. GEN. HOME

Many Killed an Injured in Series of Bomb Explosions Throughout the United States.

Washington, June 3.—Every government agency today is at work in an attempt to run down the perpetuators of the second nation wide bomb plot within five weeks. Within a day the conspiracy was frustrated though the watchfulness of the clerks of the New York postoffice, the second of which resulted last night in what almost proved to be a successful attempt upon the life of Attorney General Palmer, and in dynamiting ten houses and churches in widely scattered sections of the country. The government machinery was started in motion to run down the radicals who were suspected of the plot. The terrorist who planted the bomb at Palmer's home was himself blown to pieces. It was first believed that the victim might be someone not connected with the plot, but detectives were soon convinced that he was by the finding of fragments of a circular, which when pieced together read in plain words a challenge to the powers that be..

The circular read "Long live social revolution, down with the tyrants and anarchists and fighters."

Two women are also believed to have been killed at the Palmer explosion. Other explosions were:

New York, Charles Copp Nott, justice of the Court of General Sessions, man and woman killed.

Boston, Justice Albert Hayden, of the Roxbury Municipal Court, none injured.

Pittsburg, Federal District Judge Thompson, none hurt.

Philadelphia, Rectory, Our Lady of Victory, Parish and residence of Louis Kajisky, several injured.

Cleveland, Mayor Davis home, none hurt.

Newtonville, Mass., Representative Powers, none injured.

Patterson, N. J., Max Gild, silk manufacturer, none injured.

In all cases except Paterson and Philadelphia the bomb attempts were directed against the lives of public officials. In Paterson the home of a silk manufacturer was wrecked, while in Philadelphia, where two explosions occured, attempts were made to blow up a Catholic church and a private residence.

The explosions in the other cities were folowed at midnight by one in New York City, where a bomb exploded in the house of Charles C. Nott, jr., and one in Newtonville, Mass., where the house of State Representative Leland W. Powers was wrecked. First reports stated that no one was injured in the Newtonville explosion.

The similarity of the reports received from the various cities recalled to the authorities the May Day bomb plot of a month ago.

The bomb planted under the steps of the home of the Attorney General at 2312 R street, in the fashionable northwest section of Washington, wrecked the dwelling, smashed in the windows of adjoining houses for a block, but injured no one within the Palmer residence.

EIGHTEEN TAKE SUNDAY SCHOOL TEACHERS EXAM.

Tests Held at Christian Church Under Direction of Prof. W. J. Osburn Next Exam on "The Teacher."

Eighteen took the teachers training examination Monday evening of the first book in the course of study mapped out by the Missouri State Sunday School Association. The questions were furnished by the State Association and the examination papers will be sent to the association to be graded, and the certificates will be signed by the State Association officers.

The examination was held at the First Christian Church under the direction of Prof. W. J. Osborn. In the class were nine from the Christian Church Bible School, seven from the First M. E. Church Sunday School, one from the South M. E. Sunday School and one from the Baptist Sunday School.

The first book has dealt with the subject of "The Pupil" and has covered a period of several months study.

ROBBERS GOT $43,000 IN VICTORY LOAN NOTES

Thieves Tunnel Way Into Vault—Discovery Made by Bank Officials—Posses in Search.

Pittsburg, Kan., June 3.—The bank of Arma, a mining town ten miles north of her was robbed last night of forty-three thousand dollars in Liberty bonds, by robbers who tunneled into the vault. The robbery was discovered when the bank officials opened the bank this morning. Posses are seeking the robbers who left no clues.

STANLEY FORD ADDRESSES STUDENTS THIS MORNING

Spent Many Years in Government Work in Canal Zone, Panama—Visiting With Mother Here.

Stanley Ford, who has been engaged in government work in the canal zone, Panama for a number of years, spoke to the Students of the State Teachers College this morning at the regular Assembly on his experiences in the southern country.

Mr. Ford is the son of Mrs. J. S. Ford, of this city and is making a short visit with his mother here. He is the son of the late Rev. J. S. Ford for many years the pastor of the First M. E. Church.

GRANT TOWNSHIP HAS TO VOTE AGAIN FOR BONDS

Election Held on May 24 Was Not Properly Advertised—New Election Date Set for Saturday, June 21.

Grant township is to vote again on the proposition of issuing bonds for $40,000 for good roads due to the fact that the first election was not properly advertised. This election was held on May 24, and the proposition carried by seven votes. The election notices were posted and under the new law the notice has to be published in a newspaper.

A petition from Grant township for a new election was submitted to the county court today and the election date was set for Saturday, June 21, by the court.

ARREST I. W. W. LEADER.

Pittsburg, June 3.—John Johnson, said to be president of the local I. W. W. was arrested this afternoon after he had shot at a detective when the latter entered the I. W. W. headquarters. The bullet went wild.

REFUSE TO RECOGNIZE NEW HUN GOVERNMENT.

Berlin, June 3.—The Prussian cabinet decided that it could not recognize the new Rhineland republic, it was declared Sunday at Mayence.

Pickering Boys Land.

Theron Wray of Pickering received a message from his brothers, Albert and Arthur Wray of Hopkins, 356th Infantry, 89th Division, that their unit had reached New York safely.

Mrs. W. R. McKee received word from her son, W. C. McKee, of his arrival in New York. Mr. McKee, who was a member of the 356th Infantry, 89th Division, saw active overseas service.

Word of the arrival at New York of Arthur Smith with the 356th Infantry, 89th Division, has been received by his sister, Mrs. Will Loch.

Miss Berenice Rice of Oklahoma City Okla., who was the week-end guest of Miss Eleanor Smith, left yesterday afternoon.

WILSON CONFERS WITH HIS STAFF

OBTAINING VIEWS ON AMENDMENTS PRESENTED BY LLOYD GEORGE

WOULD LESSEN HUN LOAD

Lloyd George Proposes to Fix German Indemnities at 25 Billion—Italy and Japs Out of Discussions.

Paris, June 3.—President Wilson conferred this morning with every chief expert of the American Staff in obtaining their views on the German counter proposal by Lloyd George. Lloyd George, it was learned, proposes to fix the total of the German indemnity at twenty-five billion dollars, and also favors modifying the French demands in the Saar basin to meet some of the German objections. He suggests a plebiscite in Silesia and favors the granting to the Germans of more merchant shipping than the treaty now provides. The Italians and Japanese have washed their hands of the matter, declaring that they are not interested in these features of the German reply.

REPORT PETROGRAD TAKEN BY ESTHONIANS AND FINIANS

Previous Advices That Reds Were Driven From Russian Capital Prove Premature.

Christiana, June 3.—Petrograd has been captured by the Esthonians and Finns, according to an unconfirmed report received by the newspaper Tidens Tegn from Vardo today. It had previously been reported that the Finns and Esthonians had driven the Bolshevik defenders from Petrograd, but the report proved premature.

SUGGESTS LOWER PRICES THRO ARMY SUPPLY SALE

Secretary Baker Welcomes Any Suggestion for the Lowering of High Cost of Living.

Washington, June 3.—It is highly desirable Secretary Baker this afternoon told the house committee on military affairs, that the existing high cost of foodstuffs be cut down. He said he would welcome any suggestion whereby this could be accomplished by selling the American public reserve stocks held by the war department and not needed for the army.

Miss Fraser Returns.

Miss Allie Fraser, an instructor in the Okmulgee, Okla., schools for the past year returned to Maryville this noon.

Dr. Bertha Lininger returned this noon from Jefferson City, where she has been attending the Chiropractic convention.

Miss Julia Denny has returned from Oklahoma City, Okla., where she has been teaching the past year.

WEATHER FOR TODAY

Unsettled tonight with probable showers in the eastern portion Wednesday. Partly cloudy and somewhat warmer.

MEMBER MISSOURI PRESS ASSOCIATION

A MODEL HUBBY, GIRLS.

St. Louis, June 3.—Here's a golden opportunity for a girl to get a model husband.

The following letter received by the Chief of Police O'Brien from Walter H. Allen, 2642 Larimer street, Denver, Colo., speaks for itself:

"'Pardon me for writing a letter like this, but I am a young widower, very lonesome for a good girl that is tired of living alone and would like to settle down.

"I am thirty-three years old, have dark hair and eyes, dark complexion, am 5 feet, 5½ inches tall, and weigh 130 pounds.

"I do not drink, smoke or chew.

"I can cook, sweep, wash clothes, iron, wash dishes, scrub floors and dress kids.

"If you know of a girl between seventeen and thirty-five years of age, tell her to write to me. I do not care whether she is as homely as a mud fence, if she knows how to love and treat a fellow right. I have no objection to a woman with a small child, and prefer a girl who has to work rather than one who does not."

NEW IDEA IN SUICIDE.

Steubenville, O., June 3.—Alexander Wyes, thirty-two, sought a novel method of commiting suicide. He looped his leather belt about the post of the iron bed, put his head through the loop, twisted his body several times until the belt had tightened about his neck, then laid down in bed and strangled to death.

South Australia, with an area of more than 240,000,000 acres, has only slightly more than 5,000,000 acres under cultivation.

REV. HALE HAS NEW CHURCH BUILDING

First Service in New Building in St. Louis Held Sunday with Dedication Next Sunday—Building Cost $130,000.

The following is from Monday's St. Louis Republic about the new church building of the Delmar Baptist church of that city, of which Rev. Lewis M. Hale, formerly pastor of the Baptist church of this city, is pastor:

A large audience gathered yesterday morning for the first service held in the new edifice of the Delmar Baptist church, Washington avenue and Skinner road, which also marked the beginning of a week of special dedication services, closing next Sunday with the formal dedication of the new building erected at a cost of $130,000.

Rev. Dr. Lewis M. Hale, the pastor, preached the sermon yesterday on the subject, "The Priceless Privilege of the Followers of Christ," taking as a basis for his remarks the statement of Paul in Philippians 3:8 that he counted all things as loss compared to the knowledge of Christ.

Dr. Hale stated to his audience that he was setting up standards of Paul in the first service in the new church that should stand for the congregation as long as the church stood. He declared that there was a difference in knowing about Christ and knowing Christ. He said that he had known of Lincoln all his life, but when he heard the famous lecturer, Dr. Russell H. Conwell, lecture on "Lincoln," telling of his personal contact with the emancipator, he knew he had never really known Lincoln.

"Having been born and reared on a farm," Dr. Hale said, "I thought I knew trees, but I heard Gypsy Smith tell of his knowledge of trees. When he told of putting his arms around them and ear against the bark to listen to the heart and voices of the trees, I knew I had never known trees. The same is true of knowing Christ. It is in the personal touch. You may know of him and not know him in a vital sense."

Sacrifice, he said, is the keyword of the Christian life, but he declared that no one could know the real meaning of sacrifice until he has personal knowledge of Jesus Christ.

He declared that salvation itself was not dependent on subscribing to any creed or doctrine, or complying with any ordinances, but in a personal knowledge and acceptance of Jesus as the divine Son of God. The high privilege, as spoken of by Paul, he said, was a two-fold; first, to know Christ, and second, to be able to interpret him to that portion of the human race that does not know him.

Monday and Tuesday nights of the week's celebrations are to be given over to the Baptists of the city, with addresses by Revs. Charles Durden and W. E. Darrow on Monday night, and Rev. R. B. Whiteside and Dr. W. H. Geistweit on Tuesday night.

Wednesday evening an honor-roll service in honor of the 46 from this church in the service will be held, with Rev. Harold L. Reader, former chaplain of the 35th Division, as the speaker.

Thursday night will be Church Federation night, with Dr. A. H. Armstrong, executive secretary, in charge. The different churches of the neighborhood will take part and an address will be made by Dr. H. B. Rhodes of Grace Methodist church.

Friday night will be in charge of the women of the church, when Mrs. Marshall Hall, president of the Woman's Guild, will preside. Addresses will be made by Miss H. Edna Beard and Miss Allene M. Bryan.

Dr. Len G. Broughton, pastor of the First Baptist Church, Knoxville, Tenn., rated as one of the most eloquent Baptist preachers in the world, will preach next Sunday, both morning and evening.

Jamaica has suffered from three hurricanes in three successive years, as a result of which its banana fields were completely destroyed and great damage done to cocoanut and other plantations.

ODD COMMUNITIES THAT DO NOT WANT GOOD ROADS.

At first the government appropriated $20,000,000 for the encouragement of improved highways. Today $10,000,000 is available to every $1,000,000 that originally was provided. During the course of the war the expenditures were somewhat suspended, but the government had not reacted upon the proposition. Instead the good roads bureau of the department of agriculture was as busy as ever before, examining projects and paving the way for a resumption of work once the stress of war, with the prohibitive prices of materials and the scarcity of labor, should pass. It has just been announced, in this connection, that 1,057 projects have been approved by the government at an estimated cost of $92,933,000. Nor is there the old clamor of opposition heard against federal aid to public highways. No longer do men of shortened vision scream about the "automobile lobby" trying to "loot" the federal treasury. There is national acquiescence in the plan of the federal government to lend its aid to those progressive states and communities which demand better roads, and every section of the country is claiming its share of the appropriations.

And there are communities right in this section of Missouri that can't see the value of hard-surfaced roads. They do not seem to recognize the fact that a hard-surfaced road from farm to town, a road that will bear the maximum load for twelve months of the year, is a great time saver. Yet any farmer in any of these communities could tell of times when, held at home by a mud embargo, he helplessly watched a fall of the market cost him a hundred dollars or so.

The chief obstructionists are those who object to the expense. They prefer the mud to taxation for improved roads. That is short-sighted business. The money comes back several ways: one is the enhanced value of the land, the other is the time and money saved by having an easy road to travel to market; and we must not leave out of consideration the value of personal comfort and security or travel for purposes other than business. Indeed, there is no factor that so vitally affects the value of farm land or the margin of farm profits as that of transportation. And the larger part of the cost of transportation from farm to ultimate consumer is that incurred by the haul over public highways. It seems odd, indeed, in these days of progress, to hear of a community that doesn't want good roads.—St. Joseph News-Press.

Few Grasshoppers This Year.

This seems to be an off year for grasshoppers, according to entomologists of the United States Department of Agriculture, who recently made a survey of the grasshopper situation in a number of counties in southwestern Iowa that were badly infested last year. According to the report only a few counties in that section are likely to suffer this season. A comparatively small number of eggs were deposited last fall, probably due to parasitic insects having killed most of the hoppers before that time. Except in the counties mentioned, fully 85 per cent of the eggs that were deposited have since been destroyed by insects that feed on them. The success of the use of poisoned bait was also noticed by the entomologists. Very few eggs could be found on the farms where poisoned bran was used last summer, but on other farms near by the ggs were unusually abundant. This difference was so great as to be noticeable even in adjacent fields.

The Store Quality and Low Prices Built.

Haines

The Store Quality and Low Prices Built

NOW COMES A NEW GOLD RUSH.

Portland, Ore., June 3.—Old time miners of the Northwest are making toward Portland Canal, extreme southern part of Alaska, where a rich strike has been reported.

The exodus of prospectors brings to mind the famous rich strikes of the early days. Hundreds of men are leaving on every boat for Alaska, via the Inside Passage, taking their chances on staking some rich ground.

The strike was made, say reports, on old diggings on the Alaska side of the Alaska-British Columbia boundary. The ground is quartz formation.

Practically all promising claims have been staked.

JOYS OF THE FRONT AT HOME.

Connellsville, Pa., June 3.—Cooties, the real genuine kind, probably sent in Hun helmets as a joke, have gained a foothold and half of the county is squirming. The pests are said to be multiplying rapidly.

'TRIM AND WAIT ON TRADE' AD BRINGS MANY REPLIES.

Portland, Ore., June 3.—The talent of milliners is reflected here today in the numerous applications for a position in answer to the following ad appearing in a local newspaper.

"Wanted—Young lady to trim and wait on trade in millinery store.

Guessing Contest Closed

Out of 2056 Champion X Spark Plugs placed in our window May 1, 1919, we sold 473 in the month of May, leaving 1583.

Roland Holloway won the first prize of a set of 4 Champion heavy duty stone plugs, guessing 1575. John Graham and Ray Rickman tied for second and third prize, both guessing 1600, winning a set of 4 Champion regular and a set of 4 Champion X.

Barmann
Auto Company

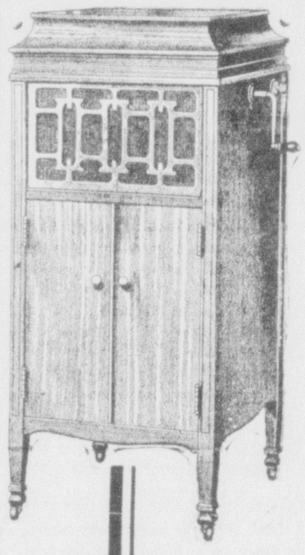
The home of the Ford Car and Fordson Tractor
A large stock of automobile supplies, tires and oils for all makes of cars.



True Reproduction of Music

The construction of the Brunswick and Pathe Phonographs make them reproduce music perfectly and with a superior, rich tone.

This is accomplished by the wooden sound chamber and horn, which is built like a violin.

These phonographs will play all makes of disc records, and are especially efficient in reproducing music from Pathe records, using a jewel pointed needle that does not wear out.

We have no hesitation is selling and guaranteeing these machines because we know there are no better phonographs on the market. If we did not know that, we could not sell them, because—like all of our goods—they MUST stand the test and BE AS GOOD AS WE SAY THEY ARE.

We would like to have you come and hear these phonographs.

The Drop of Life.

If my life runs through many days,
God grant me this, though hard my part;
However wild and rough the way,
I still may keep a merry heart.

If one I love betrays my trust,
Friends, health and riches all depart;
Though faith and hope lie in the dust,
Still grant me, Lord, a merry heart.
—Sydney Wells in the Seattle Post-Intelligencer.

Mrs. Lowry Hostess.

Mission Circle No. 3 of the Baptist church meets with Mrs. J. R. Lowry, 520 West 1st street, at 8 o'clock tonight.

Lloyds Entertain.

Mr. and Mrs. Eldon Lloyd entertained last night with a six o'clock dinner in compliment to Mr. and Mrs. Harry Kerr and daughters, Margaret and Helen of Des Moines, Ia. Plates were laid for the honor guests, David L. Denning and the host and hostess and their children, Clarence and Lucy.

Spoor-Kessler Marriage.

Miss Thurla Spoor, daughter of Mr. and Mrs. Warren Spoor, and Ernest Kessler, both of Maryville, were married yesterday in Clarinda, Ia. After a week's visit in Omaha, they will be at home in this city. The groom is the son of Mr. and Mrs. J. C. Kessler, also of Maryville.

For Normal Students.

The Epworth League of the First M. E. Church entertained with a reception last night in the church parlors for the Normal students. Miss Wave Hulet, Miss Matie Price and Miss Edith Hartness served punch. The rooms wre decorated with spring flowers and Japanese lanterns and parasols. The musical program included vocal solos by Mrs. Fred Robinson and Rev. G. S. Cox, accompanied by Miss Willetta Kittell, a duet by Mrs. Robinson and Rev. Cox, and violin solos by Miss Ruth Hankins.

Refreshments of ice cream and cake concluded a delightful evening.

Birthday Surprise.

The members of the Men's Sunday school class of the Baptist church, taught by Rev. W. C. Ferguson, surprised Mr. and Mrs. Ernest Glover at their home, 715 South Buchanan street last night on the occasion of Mr. Glover's birthday. Music and games were enjoyed and refreshments of ice cream strawberries and cake served. Those present were Rev. and Mrs. Ferguson and son, Fred; Mr. and Mrs. Wm. Everhart, Mr. and Mrs. C. W. Alexander and son, Ernest; Mr. and Mrs. J. J. Ryan and children, Emma and Lawrence; Frank Martin, John Quinn, John Spickerman, Frank Jackson, Leo Strong, Arthur Warner, Al Dragoo, Laura White, Doris Cornett, and Martha, Vilas and Harry Glover.

Merry Mingler Club.

Mrs. James Lacy was hostess to the Merry Mingler club last Thursday afternoon. A danity two-course luncheon was served by the hostess, assisted by Dorothea Nelson, Vivian Lacy and Genevieve Tallon, at the conclusion of some musical numbers given by Mrs. Fisher Mercer. The visitors for the afternoon were Laura Kathryn Conley, Mildred Dooley, Dorothea Nelson, Bernadine Jaeger, Inez Lacy, Margaret Jaeger, Arvilla Trullinger, Vivian Lacy Mary Tallon, Genevieve Tallon, Mrs. J. Dooley, Mrs. J. B. Watkins, Verlin Conley, Jr., Forrest Edmon Wallace, Ralph Edwin Mercer, Tom Tallon, J. B. Johnson, James Lacy and Fisher Mercer, and the members present were Mrs. Tom Tallon, Mrs. J. B. Johnson, Mrs. Fisher Mercer, Mrs. Fred Wallace, Mrs. A. B. Stiens, Mrs. H. Smock, Mrs. H. J. Lind, Mrs. Lewis Wilson, Mrs. Will Trullinger, Mrs. Verlin Conley, Mrs. Will Thornhill, Misses Edith Marsh, Clara Stiens, Minnie Jaeger, Nettie Smock, Mine Armstrong, Teresa Jaeger and the hostess. Mrs. H. J. Lind will be the next hostess June 12.

To Son's Wedding.

Mr. and Mrs. R. L. McDougal and son, William, left today for Ottumwa, Ia., to attend the marriage of their son, John L. McDougal, and Miss Lucile Caswell, which will take place Wednesday at the home of the bride's mother, Mrs. T. L. Caswell. The groom is well known in this city, being the eldest son of Mr. and Mrs. McDougal. He attended the public and high schools and spent two years at the State Normal school here. He also spent a year at the state university, Columbia, beginning there the study of law. Upon leaving school he entered the Y. M. C. A. work, being employed as membership secretary of Central Y. M. C. A. of Ottumwa, for a year, where he met his bride. He went from there into army Y. M. C. A. work at Camp Dodge, Ia., where he served six months. He left that work to enter the service in another field, enlisting in the Naval Reserve force and went to Washington, D. C., to await his call into active srvice. He now has an excellent position with the U. S. postoffice department in Washington and is also completing his studies in law at the George Washington university.

Mr. McDougal and his bride will spend two weeks in Denver, Colo., visiting his sister, Miss Margaret McDougal, and other relatives and friends They will also visit Mr. McDougal's parents here, the bride's mother in Ottumwa, and in Chicago, before returning to Washington where they will make their home.

Belchers Entertain.

Mr. and Mrs. E. R. Belcher entertained Sunday in honor of Mrs. Belcher's father, N. F. Rutledge, who leaves soon to visit relativs in Algona, Ia., and points in Minnesota. The guests were Mr. and Mrs. George Sorrie, Mr. and Mrs. John Yates, Mr. and Mrs. Andrew Wood, Jack Sorrie, Ed Frank, Margaret and Mildred Sorrie, Nellie and Mabel Logan, Margaret Wood, May Doran and Ervilla Belcher.

Beals At Home.

Mrs. Thaddeus K. Beal and daughters, Misses Allie and Bertha Beal, who have had apartments at the Bainum Hotel for the winter, wil be at home after tomorrow at the Beal residence, 403 East 4th Street.

White Dinner.

Mr. and Mrs. W. A. White entertained Sunday noon with a dinner, at their home on North Main street. Their guests were Mr. and Mrs. T. M. Trullinger, Mr. and Mrs. E. B. Trullinger, Mr. and Mrs. J. J Knabb, Mr and Mrs William Job, Sr., Mr. and Mrs. O. J. Willhoyte and daughter, Leora Frances Frank Peace, Frank Hall and daughter Wilma.

Mr. and Mrs. Bert Colwell and little daughter, Katherine of Twin Falls, Idaho, who are visiting Maryville relatives, will go to Burlington Junction tomorrow to spend the day with Mr. and Mrs. O. F. Wilson.

Mr. and Mrs. Chas. McNeal left Sunday morning for Camp Funston, Kan., to meet a nephew, Harvey Crawford, who will receive his discharge from military service there. Mr. and Mrs. McNeal are expected home tonight.

CHALLENGES DRESS REFORMING PREACHERS.

Boston, Mass. May 31.—"The preacher who would preach the ruffles, frills, decollete and naughtiness out of women's clothes is preaching away the foundations of the world."

This challenge to clerical dress reformers is launched by Maria Thompson Davies, authoress and playwright.

"It doesn't matter how wispy or clingy or fluffy or abbreviated at top and bottom the garments which women affect may be," she asserts, "as long as they are willing and do emphasize by their dress the fact that they are women there is hope for the world."

INTERESTING PICTURES IN MARCELL STUDIO DISPLAY

Historic Scenes Depicted in Exhibit Shown at Local Photograph Gallery—Many of Great Value.

The Marcell Studio display rooms are full of unique and interesting pictures this week. They range from the old hulk of the Maine in Havanna harbor and tropical scenes in the Bermudas to the ice clad tops of the Alps. From the oldest Gothic architecture to the latest aerial photography.

These pictures are collections of various personages in and about Maryville who have been in the various corners and out of the way places of the globe. The pictures are instructive, interesting and entertaining and may be seen any time this week.

Clun Price has some marvelous war pictures that put the thrill up your back bone. Cook has some from Germany and France of a classical variety A real typical old fashioned Mexican bull fight, the Mexican water-carrier girl and rancher and a great number of equally interesting pictures from England and Italy beautify the collection. Not only are the pictures attractive but a number of them are pictures of great value.

Mr. Marcell has been collecting this and other groups to be shown later, for several months. Some of the kodak views have been enlarged to bring out the picture into better detail.

BOY SCOUTS START DRIVE ON "TENT" CATERPILLARS

Washington, June 3.—Boy Scouts, attention! The big drive to get the "tent" caterpillars, those webby things that hang in the trees in June, is on. This is the game at which the Boy Scouts have had the best kind of fun, says the American Forestry Magazine, which urges that organizations be effected to block formations in order to rid the trees of the pests.

"The tents," says the magazine, "are common at this time on wild cherries, mulberries, willow and other trees. Apply a burning rag or torch to the web, or else squirt a little kerosene into the web. This should be done under proper supervision in every case."

Other suggestions for June follow:

Spray for leaf-eating insects, for most of them commence defoliation at the end of May.

Hickory trees infested with the hickory bark borer should be removed and destroyed, for the beetles emerge early in June and proceed to other trees. Look for the fine holes in the bark and the fine sawdust that is ejected.

Spraying for sucking insects is urged and advice along these lines will be gladly given to any who write to the American Forestry Association, Washington, D. C., and enclose a stamp for answer. In almost any group of trees will be found branches that have died off during the Winter. These can be removed now and the resulting wounds covered with coal tar.

WOMEN REPAIR ROADS.

Atlantic, Iowa, June 3.—Disgusted at the condition of the highway in front of their houses, which had not been repaired for months, Mrs. G. De Witt and Mrs. J. R. Railsbeck, wives of well-known farmers of Griswold, repaired the roads themselves.

Many automobiles and trucks mired in the road in front of the two homes. The women procured planks and a couple of shovels, and going to the mudhole threw the planks in the hole and covered them with fresh dirt.

The road is now passable.

Gilbert Aken, who has been employed at the Townsend wholesale house for the past three years, has resigned and left Monday morning for North Platte, Neb., to take a position with the Pacific Fruit Express Co.

Cuba produced four million tons of sugar last season, according to latest estimates.

OZARK FOREST LANDS WILL SUPPORT STEERS.

While inspecting one of the University forests recently F. B. Mumford, Dean of the University of Missouri College of Agriculture, saw good timber and good cattle being raised on the same ground at the same time in the Ozark region. This is the everyday experience of Taney County farmers. Much of the area of Taney County is not suitable for farming. A very considerable portion of it is rocky, steep and rough. The soil is primarily a timber producing soil, the forest being interrupted by numerous openings or glades. Only the better parts of the uplands and the bottom lands are suitable for the production of ordinary farm crops.

Dean Mumford observed that his experience had been, "Two acres of bluegrass in a well watered and fertile region are required to support one steer during the grazing season. The animal can reasonably be expected to put on from 200 to 400 pounds of weight during this time." Practical experience in Taney County indicates that five acres of land unsuited to farming will support a steer for from six to eight months and the steer will make a gain equal to that of a steer on bluegrass. The brush, weeds and grasses of this forest-glade land have, therefore, about 40 per cent of the efficiency of bluegrass pasture. Mast is not considered as forage for cattle.

The problem of winter feeding is not a serious one. Lattle may be wintered on one pound of cottonseed per head per day if they are properly sheltered and allowed to forage. They will gain slightly in weight if fed two pounds of cake a day and will make good gains if the cake is supplemented with hay and grains raised on the better soils.

Australia produces numerous hard woods, among which is the yate, the strongest known timber, with an average tensile strength of 24,000 pounds to the square inch and a maximum as high as \35,000—about equal to cast and wrought iron.

CLEVELAND BATHING GIRLS MUST HIDE KNEE DIMPLES.

Cleveland, June 3.—Go as far as you like, girls.

Bare legs are not only permissible, but welcomed on Cleveland bathing beaches this summer.

But—

One-piece bathing suits are passe and skirts must be of such length as to hide any dimples that may lurk about the knee.

Such is the edict of Park Commissioner Newell, who annually decrees the beach styles for this city. "Shimmying" and in fact dancing of any character is barred on the beaches, he also announces.

"YOUR BODYGUARD" - 30¢, 60¢, $1.20

If You Use Coal

The coal outlook for next winter is becoming more serious each day from all reports that we can get and we would advise early purchases for next winter's use. It is really more serious than last year as coal miners are scarcer, consequently the output will necessarily be short. The railroad equipment is badly run down and with the harvest crop outlook the railroads will be taxed to their utmost. Consequently the movement of coal will be very slow.

You can see the conditions. Use your own judgment. Do not let your feed bins run to low as feed stuff is getting awfully scarce and very hard to get.

SOCIALISTS OF ITALY PLEDGE TO BOLSHEVIKS

London, June 3.—Resolutions practically pledging the Italian Socialist Party to Bolshevism have been formulated by the executive council of that organization, according to advices received here from Rome.

The executive council consists of fourteen members. One of them, Arturo Volla, is serving a prison sentence awarded for active socialistic speeches and propaganda, and the decision on the new programme was formulated and adopted by the remaining thirteen.

Meetings were held from March 13 to March 22, and the general secretary of the Aragona General Confederation of Labor took part in the discussions. The Russian, German and Austro-Hungarian evolutions were commended and resolutions were passed condemning the Paris Conference on the ground that it was preparing to "oppress' a conquered people."

It was also decided that the Italian Socialist Party could no longer affiliate with the International Socialist Bureau on the ground that the latter organization tolerated "patriotic" Socialists, and by a majority of 10 to 3 it was decided to link up its forces with the Revolutionary Socialistic International. This latter organization is a Bolshevik society which held its meetings in Moscow recently.

The final resolution which was adopted withdrawing the Italian Socialist Party from the International Socialist Bureau, stated that the Italian part intended to "work for constitution of the Revolutionary Socialist International on the principles established by the Russian Communists."

The resolution further declared that active measures wiuld be taken to win over the Socialists of other countries to the movement and that action would be taken to organize a general strike in order to force the withdrawal of Italian troops now in Russia.

WARN REDS FROM KANSAS CITY.

Kansas City, June 3.—"Bolshevists, I. W. W.'s, Anarchists and Radical Socialists beware! Keep away from Kansas City. Hold your meetings in Kansas City at your peril!"

This is the warning of Chief of Police Scott A. Godley, and he means it, too. The statement was made following the report of a recent meeting of the radical elements of Kansas City here.

"There will be wholesale arrests the next time a 'Red' gathering is held here," the Chief continued. "We'll keep Kansas City clean if we have to comb every building. Bolshevists, I. W. W.'s, Anarchists and others should earn that the welcome sign is not and never has been hung out for them in Kansas City."

The Chief issued an order to all patrolmen to keep a strict watch on all known radicals and for "Red" meetings.

WAR FUND BALANCE TO MAKE BETTER CITIZENSHIP

Cleveland, Ohio, June 3.—Cleveland's City War Board, a co-operative civic orgnization which financed the city's share in war contributions, has appropriated $18,000 of its unexpected balance to carry on citizenship work among the hundreds of foreigners who have taken out first citizenship papers here since the signing of the armistice.

"Our drive," said Chairman Moley, announcing the appropriation, "will be to turn out 10,000 real American citizens among the many foreigners who are eager to know this country and its institutions."

RECORD STATE BALANCE

Missouri Funds Total $10,640,641, the Largest Ever Held in the Treasury Due Largely to Unpaid Appropriations.

Jefferson City, June 3.—There was in the state treasury yesterday at the opening of business for the month of June a balance of $10,640,641.64, this being the largest balance ever held in the treasury in the course of ordinary business. Explanation of the big balance lies in the fact that no money has been drawn from the treasury since the first of last January and none can be until appropriation bills are signed by the governor. When propriations are available the big balance will melt away rapidly.

NO POLITICS IN PAROLES.

Jefferson City, June 3.—"There is absolutely no politics in any parole granted by the executive office," declares Governor Gardner.

"As I testified before the committee of the legislature that investigated administration of the State Prison Board," the governor continues. "I have never issued a parole that has not been recommended by the Board of Paroles and Pardons."

"Also I might state as I told the committee, I have never gone behind the recommendations of the board. All requests for clemency are simply turned over to the board for its investigation no matter from what source they come."

BECKER GIVEN HIGHWAY JOB.

Jefferson City, June 3.—Representative Charles W. Becker of Polk county, has been appointed assistant secretary of the State Highway Commission by Secretary John Malang. The salary of the position is $2,400 per annum.

Becker is still a member of the legislature but the construction of the clause of the constitution prohibiting a member of the assembly from being appointed to any office during the term for which he was elected is that a clerical position is not an office.

Becker has been one of the Republican leaders of the lower house during the past three sessions of the legislature.

HALF OF DIVORCES WITHIN YEAR.

Los Angeles, Cal., June 3.—Fifty per cent of the divorces are filed in cases where husband and wife live together less than a year. Motherhood has no part in one-half the divorce cases. Motherhood preserves the home by protecting is from selfish and petty quarrels.

These observations were expressed by Superior Judge Fred H. Taft from actual experience in the Divorce court. Children whose parents have separated are likely to grow up with an unnatural attitude toward the parents with whom they have not lived, he said.

Work for Business Farming.

A large number of Montana farm bureau members have organized a State farm management association and will ffer over $300 in cash prizes for the advancement of this type of work. There will be $100 in prizes for the best kept and most accurate farmer's account book, another $100 for the best organized farm as shown by the account book, and a $100 trophy as sweepstakes will be offered as a combination prize. A $25 shield will be awarded to the county or farm management club showing the most results accomplished from keeping and studying record books in groups. These prizes have been donated by commercial firms doing a State-wide business, all of whom recognize the importance of this work.

Lithuania has a population of six million and is larger than Switzerland and Denmark combined. In the fourteenth, fifteenth and partly in the sixteenth centuries, Lithuania was the largest state in Europe.

GIFT TO SAVANNAH TEACHERS

Private Donation of 20 Per Cent Salary Increase Which Applies to Those of High School and the Grades.

Savannah, June 3.—Dr. Perry Nichols, proprietor of the Nichols Cancer Sanitarium here, has donated a 20 per cent salary increase to Savannah teachers for the coming year. The increase applies to both the high school and the grades.

In May 14 the Savannah school district voted $18,000 in bonds for the building of a school gymnasium. Doctor Nichols also donated $1,000 to the gymnasium fund.—St. Joseph News-Press.

HAND GRENADE BANKS FREE TO ALL CHILDREN WHO WILL USE THEM.

Washington, June 3.—Savings banks that started life as hand grenades intended for use by the American Expeditionary Forces against the German,s will be distributed to school children who earn enough money this summer to buy war savings stamps.

Distribution of the banks, numbering fifteen million, will be entirely under the direction of the savings directors of the twelve federal reserve districts. Every child under 10, who earns enough to buy one war savings stamp will be entitled to a bank. Those over 10, will be required to earn enough for two stamps. In addition they must submit to their school teachers at the opening of the fall session an original story telling how they earned the money.

Indorsement of the thrift campaign of the war savings division of the treasury was given today by Samuel Gompers, president of the American Federation of Labor.

CATTLE AND HOG REPORT.

Jefferson City, June 3.—Based on 100 feeders on 28 Missouri counties, the number of steers on feed May 1 was 85 per cent and hogs 103 per cent of last year, according to a recent special report of E. A. Logan and Jewell Mayes of the U. S. Bureau of Crop Estimates and the Missouri State Board of Agriculture.

Sixty-two cattlemen had 3,447 steers on feed against 4,014 last year, or 15 per cent fewer. The cattle on grass shows increase of 16 per cent over last year, or 3,404 against 2,931. Several heavy feeding counties are carrying more cattle on grass than last year.

Of the cattle on feed 70 per cent have been fed 12 weeks or longer, none over 25 weeks. Feeders expected to ship 47 per cent in about 4 weeks, while within 8 weeks 95 per cent will have been shipped to market. Only 3 feeders expected to hold over 3 months

One-third of the cattle will be on feed from 15 to 18 weeks, while another third will have from 21 to 26 weeks, and a small number fed over six months. Eighty-eight per cent of the cattle will have been fed 14 weeks or over, with the larger number from 12 to 20 weeks.

Ninety-four hog raisers in 28 counties had 9,817 hogs on feed against 9,480 last year, or 3 per cent more, 4,395 shoats on grass against 3,900 last year or 12 per cent more, and 5,678 spring pigs against 6,360 last May, or 11 per cent fewer.

Of the hogs on feed 11 per cent have been fed under four weeks, 40 per cent four to six weeks, 30 per cent eight to twelve weeks, and 17 per cent over fourteen weeks. Two weeks from May 1 25 per cent were sent to market and at the end of six weeks 64 per cent. The popular feeding period is from 70 to 100 days, as over half will be fed a total of 10 to 15 weeks.

NEW FARM CENSUS LAW.

Jefferson City, June 3.—Missouri now has for the first time an annual "Farm Census Law," Governor Frederick D. Gardner having signed House Bill 759 by Representatives Nick T. Cave and Albert Chambers, the act carrying an emergency clause which places it into immediate operation.

The county and township assessors are paid four cents per farm for this extra work which is done at the same time as making the assessment for taxation purposes, but this listing is entirely separate and in no way connected with the tax list.

Kansas has had such a law since 1875, and most of the states of the Corn Belt have a "Farm Census" law in some form or other.

Every farmer on each farm will be required to answer the following questions, beginning June 1st, when the local assessor calls:

(a) Name and address, including R. F. D. number.

(b) Owner or renter. Answer "O" or "R".

(c) Have you any registered pure bred live stock? Answer "Yes" or "No."

(This question "c" is asked solely for the purpose of securing addresses of owners of "registered live stock" including horses, cattle, hogs and sheep, so that the Board of Agriculture can publish a free bulletin carrying names of all owners of pure bred live stock. Farmers must have at least one 'registered" animal to get into state bulletin, which will be mailed all over the United States and be of great value to all persons, who sell pure bred animals. The board of Agriculture will send each such farmer a blank later, to list his pure bred stock in detail.)

1. Total acreage in farm.
2. Number of silos.
3. Acres in corn.
4. Acres in winter wheat.
5. Acres in spring wheat.
6. Acres in oats.
7. Acres in rye.
8. Acres in barley.
9. Acres in Irish potatoes.
10. Acres in tobacco.
11. Acres in cowpeas.
12. Acres in soybeans.
13. Acres in sorghum to be made into syrup.
14. Acres in kafir and other forage sorghums.
15. Acres in clover and timothy to be cut for hay.
16. Acres in alfalfa hay.
17. Acres in prairie or wild hay.
18. Acres in other crops to be cut for hay.
19. Acres in cotton.
20. Acres in other field and garden crops, etc.
21. Acres in lands in pasture, 1919.
22. Number of apple trees of bearing age.
23. Number of hives of bees.
24. Number of cows and heifers two years old or over.
25. Number of poultry, (young and old, including turkeys, ducks, geese, guineas, etc.)

Register All Stallions.

Every stallion in the State of Missouri standing for public service must have a state license, the fee for which is $1.00. Application blanks can be secured from the "Missouri Stallion Registry Board, Columbia, Mo."

Publishers of newspapers will give great service in running notice to this effect.

The stallion license law provides for certain requirements in the preparation of copies for the printing of stallion bills, posters, and advertising. Publishers should familiarize themselves with these requirements.

Real Estate Bargains

We have some excellent bargains in farms from 20 to 320 acres. And at prices to suit anyone. Priced from $100 to $250. We can make terms to suit anyone. ATTENTION

COAL!! COAL!!

Don't forget I am still in the coal business and will be glad to take your orders for present or future needs. Coal will be no cheaper this year. All Illinois mines advance the price June 1st, and coal will be much higher by August. However. I have several cars of the best Franklin County, Illinois coal in transit. I can sell at the same price while it lasts. Orders taken over either phone, as I am at the office very little of the time, owing to farm activities.
